Radio News and Programs

Tonight's Air Crowded With Outstanding Shows, Wide Variety Offered

"The Dick Powell of radio" is what friends of Spencer Bentley, above, call him because of the resemblance. A former Broadway actor, Bentley broke into radio as an announcer, and is currently featured as "Bob," leading man in the "Betty and Bob" dramatizations on NBC.

While radio offers nothing spectacular or stupendous, tonight's airlines are crowded with plenty of outstanding programs. Music lovers—swing and classical—have from Benny Goodman to the Grant Park concert to chose and the same goes for every other type of programs.

Tonight's and Wednesdaytime's aces selected and classified to help you decide which way to turn the dial.

Music

6:30 p. m.—Grant Park Popular concert (WJJD): Orrin Tucker and his orchestra play a half-hour of "swing" before the main attraction.

7:30 p. m.—Benny Goodman (WBBM): Benny shows his audience he can sing besides playing that clarinet by vocalizing on "Old Man Mose."

8 p. m.—Wayne King (WIBA): plays his final Tuesday night waltz program. Starting next week the program will be heard on Fridays.

8 p. m.—Grant Park concert (WMAQ): the music of Glenn Bainum's band will be heard. The program opens with "March of the Steel Men" and will include "The Flight of the Bumble Bee." Station WBBM will air the concert at 8:30 p. m., replacing the broadcast of the Wisconsin Symphony orchestra, which was originally scheduled.

8:30 p. m.—The Northerners (WGN): the male octet sings selection from the motion picture, "Alexander Ragtime Band."

9:15 p. m. — Vocal Varieties (WIBA): *tonight's featured tune* is the Raymond Scott creation, "Dinner Music fo a Pack of Hungry Cannibals."

◇ ◇ ◇

Variety

9:30 p. m.—Johnny Presents (WIBA) the dramatization of a mounted policeman who tracked down and captured a Russian murderer in the wilds of Canada.

◇ ◇ ◇

Drama

6 p. m.—Four Corners Theater (WBBM): Justin McCarthy's story, "Down East," will be the sixth presentation in this series. The plot says that a young man must marry a certain girl if he wants his father's estate.

6:30 p. m.—The Green Hornet (WGN): the sale of counterfeits becomes a million dollar racket until that young newspaper publisher smashes the organization . . . !

7:30 p. m. — Attorney-At-Law (WIBA): a clean-up of the city is caused by "The Case of Devil's Own Brother."

◇ ◇ ◇

Wednesdaytime

9 p. m. — Good Neighbors (WBBM): Richard Maxwell honors two old friends.

10:30 p. m.—National Farm and Home hour (WIBA): Elizabeth Pitt of the U. S. Forest Service will discuss "Nicolet National Forest in Wisconsin."

12:30 p. m.—Art of Musical Russia (WBBM): the French opera, "The Nuremberg Doll," will be heard.

12:30 p. m.—Farm Program (WHA): from the Wisconsin State Fair comes an hour of rural affairs.

4:15 p. m.—Tennis Matches (WBBM): Ted Husing gives a resume of the national doubles tennis play.

The Mail Bag

City-County Owe Building to People

Isn't it just about time that Dane county and Madison, especially, acknowledge their tremendous obligation to the people of the state of Wisconsin, and in a way, show their appreciation for what they have done and are still doing for Madison?

Think of the millions of dollars that have been poured into this city and are still flowing in. Haven't the people of the state, and others, who would like to become interested in Madison, on account of its natural beauty, a right to expect something in return from the people themselves?

Nature has done so much for Madison, perhaps more than any other spot in Wisconsin. We have done little to assist. Compared to the opportunity we have, we have done nothing.

The building now being considered here, the new city hall and courthouse, isn't anything outstanding. There is nothing spectacular about it. On account of limited space it is hardly possible. In fact it is just another building, such as Madison has built in the past. It will answer the purpose. There is no question about that, and on account of the enormous cost will have to function for a long time yet to come.

Again I am reminded of what Milwaukee has done in building their city hall and courthouse. Taking all this into consideration, just why the worry? We need a new city hall and courthouse, that's admitted. But why not consider all available sites before we spend this money, and that on a site altogether too small. Especially when we have one available that will cost us nothing, only for the making. It will give us a mile and a half of Lake Edge park, which in turn will connect the Capitol park with Olin Park (our principal park), over and by our newly made Lake Edge park. Thereby it creates an entire new park system, with our Capitol park, Olin park and our new "Juneau park". All three parks combined into one grand park system.

I have mentioned Milwaukee's "Juneau park" a number of times this for the reason, that in my estimation, it is the most wonderful park ever. It is the most beautiful of all parks, and all on account of its location, on the lake shore, exactly like the one that I am suggesting on the end of Monona ave. and one that eventually, absolutely, positively will be built, sometime, if not now. Sometime in the future by a generation with sufficient intestinal fortitude (apology to Father Coughlin) to complete it.

And when it is built, I believe the people of Wisconsin would admit that we have paid our debt, referred to above, in full, and not until then.

Of course I admit it does require a person of unusual ability to work this out, an artist, architect, engineer, a Michelangelo perhaps, to handle this project successfully, but when it is done Madison will have made a start in the right direction.

Stern Reality

Editor, The State Journal:

On front page of Sunday issue, Aug. 21, appears "Communists Plotted Control of Democratic Party".

Of course many persons will consider it a joke, but time will show it to be stern reality, not only the democratic party, but all parties not communistic, because the plotting is continual.

The public has no knowledge of the secret workers for communism paid from some unknown source.

Everywhere there are persons who pass for good democrats or republicans or what not without the least suspicion of their communistic beliefs.

When the president asked congress for unlimited power it is communistic and encouraged by unknown parties. If it isn't communistic for the president to chase around the country and put the fear of God into the demcorats if they do not vote his way, what is?

Since Charlie McCarthy now walks and talks, the little termite will be answering a Want Ad any day.

Phil to Be Host to Hambro Wednesday

Gov. La Follette will entertain Pres. Carl J. Hambro of the Norwegian parliament Wednesday noon at the executive chambers, to which numerous state, city, university, and various Scandinavian society representatives have been invited.

Pres. Hambro will speak tonight at 8 p. m. in the Central high school auditorium after a banquet, open to the public, at 6 p. m. in the Hotel Loraine.

He has spoken in Madison previously, first before the Ygdrasil Literary society in 1913 and then again in November, 1935.

Gov. La Follette will accompany Pres. Hambro to Milwaukee after the governor's reception. Hambro will speak there Wednesday night.

Utility Rate Slashes to Save $134,000 Yearly

Savings of $134,000 a year by nearly 72,000 customers of Wisconsin electric, telephone and water utilities through rate reductions authorized during July by the state public service commission was announced Monday. Largest rate cuts were made for electric service, 69,000 customers sharing $128,000 savings. About 2,000 water users will pay $5,000 a year less. Telephone subscribers obtained an $882 reduction in annual tolls last month.

Religion, Science, 'Hand in Hand,' Says Bahai'i Speaker

Religion and science go hand in hand and one can not progress without the other, Marguerite Reimer, Milwaukee, national traveling representative of the Baha'i movement, asserted Monday night in a radio broadcast.

"Religion must be in accord with science and reason," she said. "Religion and science are the two wings upon which man's intelligence can soar into the heights. It is not possible to fly with one wing alone.

"Should a man try to fly with the wings of religions alone he would quickly fall into the quagmires of superstition. On the other hand, with the wing of science alone he would fall into the despairing slough of materialism."

She declared that the Baha'i faith is based firmly on the conviction that a purely materialistic concept of society is untenable.

College Students Deny They Are Mate Hunting

ITHACA, N. Y.— (INS) —The theory that students go to college to find their future husband or wife was disproven today in a poll among seniors at Ithaca college. Twenty-eight per cent said they had found while attending college the man or girl they expected to marry, while the other 72 per cent were not interested or were still looking.

One senior is already married, and seven others among the 115 in the graduating class have formally announced their engagements. The others among the 28 per cent say that they are serious in their intentions, but haven't made official announcement of them.

The students expressed disapproval with the new deal, only 17 per cent saying they would vote for Roosevelt if he were renominated for a third term in 1940.

WEED CHOPPERS?

COLUMBUS, O.—(INS)—Police Judge Harold L. Kime announced he will give convicted traffic violaters their choice of going to jail or cutting weeds on vacant lots. Kime held that weeds near intersections constitute a traffic menace and should be chopped down and that erratic drivers might as well do the work as anyone.
