Miss Manners, Ross Graham Will Sing Favorite Songs

Pair To Be Heard At 7 P. M. Friday; Old Ranger To Tell Of Historic Hand-Made Hay Press

Eric Coates' "Always as I Close My Eyes," and Fritz Kreitzler's "Love Comes and Goes," will be sung by Lucille Manners, soprano, during the program Friday from 7 to 8 p. m. over WEAF. Miss Manners also will be heard in Gershwin's "The Man I Love," and with Ross Graham, baritone, in Stothart's "When I'm Looking at You."

Graham's solo, dedicated to Mothers Day, May 14, will be MacGimsey's "To My Mother," and the ensemble will offer Donaldson's "You" and Carmichael's "Small Fry." Dr. Frank Black will conduct the concert orchestra in Herbert's "Al Fresco," Spanish Dance No. 1 from DeFalla's "La Vida Breve," the ballet music from Gounod's "Faust" and the Intermezzo from Wolf-Ferrari's "Jewels of the Madonna." A medley of Irving Berlin song hits, by the ensemble, will conclude the full-hour broadcast.

Farmer Weldon's historic, hand-made hay press will be the subject of the Old Ranger's true story on the Death Valley Days program over WEAF Friday, from 8:30 to 9:00 p. m. Prevented by outmoded equipment from supplying sufficient hay to the livestock owners of Plumas County, Calif., Farmer Weldon set about in 1868 to perfect a hay press. After a four-month search for a flawless oak for the all-important center shaft, Weldon's press began to take form, and upon its completion served its inventor for nine years. The press changed hands several times, and was in active use until recently, when W. D. Thomas of Sacramento presented it to the Sutter Fort Museum.

Songs of the Deep South and the Old West will be contrasted during the Plantation Party program, with Whitey Ford, the Duke of Paducah, as master of ceremonies, Friday, from 8:00 to 8:30 p. m., over WJZ. Louise Massey and her singing Westerners and the Girls of the Golden West will feature several cowboy ballads and melodies of the plains, while Tom, Dick and Harry, vocal trio, and the Southern Planters orchestra revive musical favorites from below the Mason-Dixon Line. In addition to their vocal offerings, Louise Massey and her rancheros, composed of Milt Mabie, Larry Wellington, and Louise's two brothers, Curt and Allen, will display their instrumental talents on the violin, trumpet, guitar, bass and accordion. The broadcast will originate in the studios of WLW.

The 12-round non-title bout between Solly Krieger, recognized by the National Boxing Association as the middleweight champion, and Billy Conn, sensational young Pittsburgh fighter who holds two decisions over Fred Apostoli, New York's middleweight champion, will be described over WJZ Friday.

The bout, in the nature of a "rubber" match as each won a decision in their two previous meetings, will be pictured blow-by-blow from the ringside of Madison Square Garden, New York, by Bill Stern and Sam Taub, sports commentators, beginning at 9:00 p. m.

"What's My Name?" sensationally popular during the last year on a three station hook-up, will become available to a nationwide audience for the first time when it replaces Fred Allen's "Town Hall Tonight" for the summer beginning Wednesday, July 5, at 8:00 p. m., over WEAF.

AERIAL PHOTOS TO BE TAKEN OF ALLEN-CO FARMS

(Special To The Lima News)

WASHINGTON, D. C., May 12—Aerial photographs will be taken of 406 square miles of land in Allen-co, Ohio, between now and the end of this year, under a contract just awarded by the Agricultural Adjustment Administration.

The work is part of the AAA program for aerial mapping thruout the country, and the contract covering Allen-co is one of a number simultaneously awarded.

Aerial photographs in Allen-co are to be taken by the Holmberg Air Mapping Co., of Chicago, which got a contract amounting to $17,816.94 covering aerial photographing of 8,649 square miles in Ohio.

Included in this contract, besides the Allen-co work, are the following areas in nearby counties, which are also to be photographed from the air before the end of 1939:

Defiance, 405 square miles, Paulding, 413 square miles, Putnam, 482 square miles and Van Wert, 406 square miles.

Aerial photography is used under the conservation phase of the AAA farm program as a cheaper and more accurate means of checking performance on farms.

Recently developed was a static suppressor for airplanes. A long wire is released at the tail of the ship and trails in the slip-stream and static electricity is discharged harmlessly thru the suppressor.

WINS DEBATING HONOR

WAPAKONETA, May 12—Miss Frances Jacobs, daughter of Mrs. Flora Jacobs, E. Mechanic-st and student at Wittenberg college, has been named to the college's varsity debating squad, according to word received here.
