QUILNA

Laughable, lovable "Claudia" who charmed millions in Redbook Magazine, on the stage and on the air, is at the Quilna. Dorothy McGuire, Robert Young and Ina Claire are featured in this film.

That "Claudia" was a natural for the screen was apparent early in her memorable career. Her first appearance on the stage in New York was the signal for her critical praise that predicted a long run on Broadway—and the extended run vindicated these prophesies. "Claudia" had those qualities which appealed to Americans of all kinds, and they are saying that she is even better as a motion picture if that could be.

TIME CHANGE IS CONSIDERD AT ST. MARYS

(Special To The Lima News)

ST. MARYS, Sept. 22 Mayor Albert M. Koch has announced that he will recommend to the city council that the time here be changed back to Eastern Standard Time as of Sunday, Oct. 3.

However, he said he did not believe that he could issue an order declaring Eastern Standard Time as official time inasmuch as the city council has passed a motion last spring adopting Easter War Time by ordering the clocks set ahead one hour after they previously had been set back one hour in accord with the state legislation.

The city council recently had passed a motion instructing the mayor to contract mayors of neighboring towns, and authorized him then if he saw fit to declare the hour and day on which the clocks should be turned back.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

... or how to be liked in London

That's Wizard, says the genial Britisher when he wants to pay you a compliment. *Have a "Coke",* says the American soldier, and in three words they see things alike. It's as true in a London garden as in a Los Angeles patio. All over the globe, Coca-Cola stands for *the pause that refreshes*—has become the happy bond between friendly-minded people.
