9:00 - College of Style and Swing
9:15 - Boxing from Park Arena

Nothing scheduled on WCBS TV or WNBT

Know Your STUFF

About Stockings

Before you libel good nylons as bad, know your stuff about stockings. Examine the brand on those stockings that spring runs after a couple of wearings.

Among the thousands of stocking brands, those which stood the test of years and widespread use have become a synonym of quality.

Mills with a reputation to defend zealously cull imperfect stockings from the flawless crop on which brands of highest quality go.

Every manufacturer who makes These ate "seconds" or "thirds," classified according to the kind of imperfections that occur in the process of manufacturing, and marked accordingly by reputable makers.

Sure, there may be bargains in "seconds" or "thirds," if the prices are low. But the woman who pays top prices for culls has a right to be indignant.
