FDR's Action 'No Surprise to Berlin

BERLIN — (U.P.) — foreign office organ Saturday described President Roosevelt's acceptance of the Democratic presidential nomination as "no surprise in the case of a man who loves power as he does."

The foreign office organ, commenting on the president's speech of acceptance said:

"Roosevelt dealt with the dangerous 'Fifth Column' and in this connection expressly pointed to those persons who are ready to proceed with a policy of appeasement with those powers which have overcome the old, rotten work of Europe and are determined to force a rebirth of this continent.

"Roosevelt makes no secret of the fact that he not only detests these new powers in Europe but will give their opponents material support. That is the program with which he intends to preserve the peace of his land which is threatened by no body."

Police Seek Third Man in Burglaries Here

New Antics - Enliven Arkansas Primary Campaign

LITTLE ROCK, Ark.—(U.P.)—A candidate who drops in at political rallies by parachuting from an airplane and another who charges admission at his meetings are doing what they can to enliven the Arkansas primary.

The parachutist is Prof. Walter Scott McNutt, head of the department of education at Daniel Baker college in Brownwood, Tex., but a resident of Arkadelphia. He is running for governor as an independent.

Johnnie Mitchum of Batesville, campaigning for a seat in the legislature, is a fiddler and is capitalizing on his hillbilly music to pay campaign expenses. Admission to his meetings is 15 cents for youngsters and 25 cents for the older folk. After a short talk in which he outlines his qualifications as a law maker, Mitchum and his five piece orchestra go into action and play dance music for the rest of the evening.

Four Skeletons Unearthed in Indiana

LA PORTE, Ind. —(U.P.)—While excavating for a basement Saturday Fred Jessup of near Hannah, Ind., unearthed the powdery remains of four human skeletons, believed to be a man, woman and two children.

Deputy Sheriff Charles Han, who investigated, theorized they were the remains of a pioneer family, perhaps killed by Indians or epidemic during the early 1800's. Imprints of rough-hewn wooden caskets were visible around the skeletons.

All the remains collapsed to dust shortly after uncovering.
