Iturbi, Stravinsky Lead Two Concerts Over Radio Tonight

Florence Lake, talented comedienne of the screen, brings a note of comedy to daytime radio in the popular dramas, "Career of Alice Blair" and "Meet Miss Julia." Miss Lake has scored successes in such film hits as "Stage Coach" and "Bachelor Mother" as well as in the Edgar Kennedy comedies. Her brother Arthur (Dagwood) Lake is amusing large audiences in the "Blondie" pictures.

Two symphony orchestras, led by two famed pianist-conductors will broadcast tonight.

The Rochester Philharmonic Symphony orchestra will begin a series of weekly concerts under Jose Iturbi. Its broadcast at 8 through WENR will feature Dvorak's "New World" symphony.

Igor Stravinsky will conduct the **Chicago Symphony orchestra** in a concert of his compositions through WGN at 9:30. The program will include a new symphony dedicated to the orchestra, the "Petrouchka" suite, and "Concerto for Piano and Wind Orchestra," with Jane Anderson as soloist.

NBC to Air Sugar Bowl, Rose Bowl Tilts

The classic struggles between the nation's top college football teams in the Rose Bowl at Pasadena and the Sugar Bowl at New Orleans will be broadcast exclusively on New Year's day over the Blue network of the National Broadcasting co.

Bill Stern, NBC grid expert, will be at the microphone in the Rose Bowl when the outstanding team of the Pacific coast engages a foe from some other section.

The Sugar Bowl game in which the ranking southern eleven meets a chosen rival for intersectional honors will be broadcast just before the Rose Bowl game takes to the airwaves.

State Gives Defense for Gladiolus Pest

Wisconsin gladiolus growers were named today by E. L. Chambers, chief of the plant industry division, state department of agriculture, against an insect pest that is invading Wisconsin.

The pest, the gladiolus thrip, can cause much harm in gardens, Chambers announced, and issued a three-way defense against the invasion.

One: Delay digging the gladiolus corms as long as possible. Dig them out just before the ground freezes.

TWO: Store the corms in a cool place, 35 to 45 degrees. The thrip can be "frozen out."

Three: Treat the corms with napthalene flakes. Sprinkle the chemical over the corms at the rate of one ounce for every 100 corms. The flakes should be kept with the corms for at least a week at a temperature of 60 to 70 degrees.
