A NEW WAY TO HEAR—
through a tiny jeweled pin!

THAT BEAUTIFUL MINIATURE brooch that adorns her smart faille suit is the new Sonotone Hearing Aid's amazing "Sono-Charm"! And no wonder she's pert and poised—her *secret is safe, her hearing is sure!* Just a stunning piece of costume jewelry *with no telltale outside microphone cord*, a Sonotone exclusive! And this fashion magic gives unmuffled, softest reception—Banishes clothes-rub noise, even on swishy silk or taffeta. Nobody knows you're deaf!

Fashion takes a front seat!

FOR THE FIRST TIME in history, fashion has been wedded to hearing aids—in an exciting booklet written by a famous fashion authority. This entirely new approach to hearing problems is beautifully illustrated in color, and crammed with fresh style ideas. Also a booklet for men. Mail coupon below.

A man wears Sonotone's exclusive outside microphone under his tie, or even on his tie, or lapel. Nothing shows but a handsome lodge, fraternal or club emblem.

Your choice of 10 FLATTERING SONOCHARMS!

SonoCharms are inexpensive enough that you can flatter each costume with a different gay design, placed wherever it does the most for you. Earrings can be had to match!

Sonotone hearing aids are included in the list of accepted devices published by the American Medical Association.
