Denmark to Remove Curbs on U. S. Films

COPENHAGEN, Feb. 28. (AP) Denmark will lift her restrictions against U. S. motion picture companies, probably Monday, the ministry of trade announced today.

During the next 10 months 81 U. S. films will be permitted to enter Denmark, and American companies will be allowed to take up to 500,000 kroner ($250,000) out of the country. If the films net more than that, the remainder will be used for purchases in Denmark.
