CMS helps pay Doctor Bills

CMS the plan workers prefer

CMS now helps provide coverage of doctors bills for the employees of 7,000 Connecticut firms.

The number of CMS Participating Firms is more than double all the Connecticut firms having other forms of surgical-medical insurance combined.

The confidence placed in CMS by Connecticut's working population reflects the outstanding service CMS has rendered in the past and forecasts the continued leadership of CMS in providing surgical-medical coverage to the people of Connecticut in the future.

Group Enrollment of 10 or more persons is available NOW!
