Debonair Warner Baxter Goes A-Sleuthing, Has Rough Time

Debonair Warner Baxter returns to the Quilna theatre in another exciting Crime Doctor movie entitled, "Crime Doctor's Courage." The master sleuth of radio and screen finds that for the first time in his whole career he has to call up every ounce of fortitude he possesses in order to solve the most perplexing crime ever filmed. Sharing the billing is "Ten Cents a Dance," a movie which is certain to, figuratively speaking, "make your blood boil."

"The Affairs of Susan" seem to be everybody's affairs and turn out to be both conflicting and confusing in the film of the same name currently showing at the Ohio theatre. When a girl gets herself involved in four love affairs, then something should be done, but quick!

A tense three-cornered romance within the narrow confines of a hospital in a war frontier Chinese town develops into a smashing climax in the spectacular drama "China Sky" opening Saturday at the Sigma theatre and starring Randolph Scott, Ruth Warrick and Ellen Drew.

First ever to be made is the film which has both animated characters and real live persons dancing across the screen. This film is "The Three Caballeros" with Donald Duck, Joe Carioca and Panchito. You'll delight to the crazy antics of these three plus the rhythmic dances and songs in which real people are featured. The picture is currently showing at the State theatre.

Revolving about the diary of the "black sheep" of the family "Song for Miss Julie" has plenty of action. The movie, now playing at the Lyric theatre, has a cast roster that certainly is something to shout about.

Superstitions To Reign On Air Friday, The Thirteenth

Radio programs Friday will center on the superstitious "13th" theme from musical drama to mystery.

Friday, the 13th, is no longer a mere superstition to Nick and Nora Charles, when they find themselves enmeshed in a web of war criminals in "The Case of the Left-Handed Killer," this week's spine-tingling episode of "The Adventures of the Thin Man." (WABC—8:30 p. m.)

With a trio of spies between them and the solution to a brutal murder, supersleuths Nick and Nora travel a rough road of explosions, poison vials, and traps at every turn.

Carol Bruce, singing star of the "Sunday on the N-K Ranch" radio show, and Harry S. Berk, will see if Friday the 13th proves to be an unlucky day for that master of mental feats, Dunninger, on Friday, at 10 p. m., over Station WEAF. They'll be on hand as guest judges to supervise one of Dunninger's famous "Brainbusters." Between feats, music is supplied by Songstress Marilyn Day and Mitchell Ayres' orchestra. Bill Slater is master of ceremonies.

Friday-the-13th tough luck stalks the parents of Henry Aldrich and his pal Homer when an "early to bed" command becomes a source of sad disillusionment during "The Aldrich Family" comedy broadcast over WABC Friday at 8 p. m.

Bargaining Agents Chosen At Sidney

Collective bargaining agents were selected by workers in two Sidney plants in consent elections, it was reported Friday by the National Labor Relations Board in Cleveland.

At the Sidney Machine Tool Co. 98 workers voted for the United Electrical, Radio and Machine Workers (CIO) with 50 opposing that union. The foundry department of the Sidney Grain Machinery Co. voted 38 for Local 293, International Molders and Foundry workers of North America (AFL) while four votes opposed that union.

Freed Soldiers Find Novel Way To Get Rations

REGINA, Sask., July 13 — —(UP)—Tom Melville, recently returned to Canada from a German prisoner of war camp, told this story today.

Liberated prisoners of war flocked back to England in such large numbers, authorities were unable to supply them with necessary food ration cards. However, there was an abundance of extra ration cards for expectant mothers.

In order to eat, a group of Dieppe prisoners were given cards which read: "It is hereby certified that Pvt. John Doe is an expectant mother and in need of extra rations."

DELPHOS WILL PURCHASE NEW STREET EQUIPMENT

DELPHOS, July 13—An application for the purchase of new street maintenance equipment here amounting to $2,240 has been filed with the Lima office of the War Production Board by Wendel Davis, service director, after city council passed a resolution to purchase additional equipment.

The new machinery will include a road maintainer and power takeoff. Davis told council that the requirement was of importance if Delphos streets are to be improved and repaired. He stated that the present equipment and purchase additional machinery instead of trading maintenance factors.

Cross Awarded Naval Air Boss

GUAM, July 13—(INS)—Rear Adm. John D. Price, commander of Fleet Air Wing One, was awarded the Navy Cross today by Fleet Adm. Chester W. Nimitz in recognition of the effectiveness of the air blockade which the unit's search planes established over Japanese sealanes.

Navy search planes of this wing sank or damaged nearly 300,000 tons of enemy shipping in the last two-and-one-half months.

At the same time, Nimitz announced that Price has been named commander of the naval operation base at Okinawa, and is succeeded in the wing-commanding job by Rear Adm. John Perry.

DOCTOR'S WIDOW DIES

MARION, July 13—(AP)—Mrs. May Barron Sawyer, 85, widow of Brig. Gen. Charles E. Sawyer, personal physician to President Harding, died yesterday.

Civilian Plane Output Started

ALLIANCE, July 13—(AP)—Civilian airplanes will be on the market by fall, says the Taylorcraft Aviation Corp.

A two-passenger private model, known as the "Troubadour," already is on assembly lines, the company announced today, adding, full production was expected by September. The two-person, side-by-side standard monoplane, equipped with a 65-horsepower engine, will sell for approximately $2,295, it reported.

Taylorcraft also reported a family sedan-type plane, to be called the "Tourist," should be in full production by December and on the market early next year. A four-passenger ship, it will sell for $3,550 equipped with a 125-horsepower engine and $4,000 with a 140-H.P. engine.

The company said these planes were being constructed in a branch factory since Taylorcraft's main plant is manufacturing control surfaces for the Douglas A-26 bomber. Eventually, it plans to produce 8,000 to 10,000 planes annually.

PAN-AMERICAN ROAD PROJECT TO BE PROBED

WASHINGTON, July 13—(UP)—The senate war investigating committee will start its inquiry into Army construction of the Pan-American highway by asking Lt. Gen. Eugene Reybold "why it was built in the first place," according to Chief Committee Counsel Rudolph Halley.

Reybold, chief of Army engineers, has been summoned to appear before the committee tomorrow with his staff.

The investigation is the result of charges by Sen. Edward V. Robertson, (R-Wyo) that "fantastic graft and corruption" were involved in construction of the Central-American segment, which runs from the Guatemalan-Mexican border to the Panama Canal.
