Carnival

By Dick Turner

"Girls, I want you to meet Mr. Flannigan—'Five-yard Flannigan,' they call him on the team because he's offside so often!"

WHAT OTHERS ARE SAYING

All over the country people are getting tired of being kept away from the work by massed picket lines, usually staffed by outsiders. They want something really strong done about it.

—*Rep. F. A. Hartley (R.) of New Jersey.*

Russia can never accept the U. S. atomic plan because it embodies the erroneous assumption that national sovereignty and independence have been reduced to naught by the atomic age.

—*Andrei Gromyko, Soviet delegate to the U. N.*

Chaos ought to be eliminated by Britain and her people by going to work. Before they ask us for anything more, they ought to show some evidence of good faith and willingness to work. My answer to him (Bevin) would be "forget it and go to work."

—*Rep. John Taber (R.) of New York.*

It is putting the cart before the horse to talk of calling the committees. The $64 question is when will the information be available? Congress will not act in the dark. It is not going to write blank checks.

—*Sen. Arthur H. Vandenberg (R.) of Michigan.*

ANSWERS TO QUESTIONS

By HASKINS

A reader can get the answer to any question of fact by writing The Press-Telegram Information Bureau, 816 Eye St., N. E., Washington 2, D. C. Please enclose three (3) cents for return postage.

Q. What bird flies most slowly? V. M.

A. The slowest flight thus far recorded is for a woodcock that was able to maintain itself in the air at a low speed of five miles an hour.

Q. Which is the largest railroad in the United States in repect to the miles of track operated? R. M. K.

A. The Atchison, Topeka and Santa Fe Railroad, with 13,092 miles of railroad, ranks first in miles of road operated.

Q. Is a fractured bone a broken bone? R. S.

A. A fractured bone and a broken bone are one and the same thing. There are four classes of fractures: complete and incomplete, simple and compound.

Q. Which is older, the United States Capitol or the British Houses of Parliament? D. McD.

A. The capitol is the older building. The Houses of Parliament are modern, dating from 1840-50, but they enshrine Westminster Hall which is over 800 years old, having survived the fire of 1834 which destroyed the other parliamentary buildings.

Q. What is the botanical name of the plant from which coffe is obtained? W. E. Y.

A. All the many variants of coffee are obtained from shrubs of the genus Coffea, which includes 40 species, 19 of them of economic value. Of these, Coffea arabica makes up the bulk of world production.

Q. What became of Thomas Paine after the American Revolution? Did he remain in the United States? L. V.

A. Paine returned to Europe in 1787, became involved in the French Revolution and spent 10 months in prison. After his release he came back to America in 1802 and, suffering from ill health, wandered from place to place until his death in New York City in 1809.

Let's Explore Your Mind

By ALBERT EDWARD WIGGAM, D. Sc.

Answer to Question No. 1

Depends on which boy likes which kind of girl. There are two kinds of "life-of-the-party" girls: (1) showoff and wisecracker who is trying to compensate for her feeling of inferiority. She is usually unpopular; (2) the quiet but self-confident girl with real leadership personality. If she uses the technique of making the boy talk about himself, she is much more likely to land her boy.

Answer to Question No. 2

Experiments show you can guess by his voice a little better than chance whether a man has a vigorous, dominating personality, such as a lawyer, salesman, or clergyman but can hardly tell a business man's voice from that of a reporter or an engineer, etc.

Answer to Question No. 3

Yes, according to Psychologist C. A. Ruckmick. If a person doesn't get hopping mad when some scoundrel is trying to steal his mate or at people who are promoting vice and rotten politics, he is made of poor stuff. However, flying off the handle at petty personal insults is a sure sign of childishness. It's amazing how many people do this, and how many have been helped by our booklet "How to be an Emotional Grown-up." Sent at cost, 10c. Enclose stamped, addressed envelope.

McKENNEY ON BRIDGE

By WILLIAM E. McKENNEY

The boys in St. Paul, Minn., believe in getting a head start on the promotion of their annual tournament. The dates of Jan. 30 to Feb. 2, 1948, have been established for this event, which will be conducted in conjunction with the St. Paul Winter Carnival. I know that quite a number of the eastern players will make the trip to this tournament, as those of us who went out there last winter were surprised both by the large attendance and the fine caliber of bridge.

North: ♠ K 3 ♥ A K 8 5 ♦ Q 7 4 ♣ A Q 6 2
West: ♠ 6 4 ♥ J 2 ♦ J 6 3 2 ♣ 10 8 7 4 3
East: ♠ J 10 8 7 2 ♥ Q 6 4 3 ♦ K 8 5 ♣ 9
South: ♠ A Q 9 5 ♥ 10 9 7 ♦ A 10 9 ♣ K J 5
Dealer: South

Tournament—Neither vul.

South	West	North	East
1 ♦	Pass	1 ♥	Pass
2 N.T.	Pass	6 N.T.	Pass

Opening—♣ 4 15

Today's hand is one that came up when Peter Leventritt and I played in St. Paul. South elected to open the bidding with a diamond rather than the four-card spade suit. North was a little conservative with his bid of one heart, but imagine his surprise when his partner bid two no trump. That bid was rather optimistic, but North could not be criticized for his jump to six no trump. As a matter of fact, some players might have responded with seven no trump.

The opening lead was won by declarer with the jack of clubs. The ten of hearts was played, West refused to cover and East won the trick with the queen. Any return except a heart would have made the play of the hand simple for the declarer. But a heart was returned and won in dummy, then declarer ran all of the hearts and all of the clubs. On the last club East was squeezed. He either had to blank down to the king of diamonds or discard one of his spades.
