MURRAY ASKS JAIL FOR PROFITEERS

BOSTON, Oct. 17—(AP) Philip Murray started his eighth year as head of the CIO today by challenging the nation's leaders to jail profiteers and inviting American employers to bargain without federal intervention.

Re-elected by cheering, shouting delegates of the 6,000,000-member congress, Murray said he "prays" for labor unity. He discounted any immediate hope for it, however, and turned sarcastic words toward AFL President William Green and his own one-time associate and the original CIO leader, John L. Lewis.

Plan Election Fight

Murray told the convention which has pledged itself to "unprecedented" electioneering for labor in 1948:

"In the presence of rising living costs, the Taft-Hartley law, lack of adequate housing, lack of adequate social security, lack of veterans' legislation, and with reaction in the saddle, we must go forward militantly, constructively and intelligently seeking the eradication of all these evils.

"I challenge the leaders of our political parties, the leaders of our federal administration, to take up this fight on behalf of the people of America."

The 61-year-old leader, once a Scotch immigrant coal miner, was returned to the presidency in an election which saw only one change among the nine vice presidents, the naming of O. A. Knight, president of the Oil Workers International since 1940.

Knight won office after R. J. Thomas, vice president of the Automobile Workers, declined nomination for re-election just as Murray was preparing the convention to vote.

The CIO head said he was optimistic about labor and that "reasonable employers will come to your unions and ask agreements in good will without any federal intervention by Taft and Hartley or anyone else."

Murray demanded jailing of "the racketeering speculators and business men who indulged themselves in extortion by legislative fiat."

He repeated his call for an immediate session of Congress for rationing, price control and "drastic cuts in the cost of the necessaries of life."

Murray branded the administration "definitely derelict in the performance of its duties" and said Congress had "abstained meticulously" from serving the people's welfare.

TOWN CLERK HIT BY MRS. ANDERSON

Mrs M. Frances Anderson, Republican candidate for town clerk, in a radio talk last night over WNAB assailed the operation of the town clerk's office and charged that Town Clerk Everett N. Perry is neglecting his duties and permitting real estate and other records to fall into a state of delapidation.

Mrs. Anderson charged that the town clerk's office is conducted in the usual manner in which the Socialist party has administered the affairs of the city government—by permitting decay and delapitation to overtake our city departments.

"I can tell you," she said, "without exaggeration and without seeking to misrepresent any facts, that many of the records on file in the town clerk's office have been decaying and fading. Confronted with this situation the town clerk himself has shown no interest in replacing or preserving those records for posterity. Insufficient funds have been set aside to accomplish this job, and he had done nothing about it."

Mrs. Anderson charged that while the Mayor and town clerk did nothing about it, the rest of the office personnel was doing the best it could under bad conditions. "It is disgraceful to have a public official occupy an office as important as the town clerk's position and do nothing except spend most of his time, when he is present at the City hall, in the basement of the building near the furnace tilted back in a chair with his feet up on a table. That is, nevertheless, a true picture of the type of municipal service the citizens of Bridgeport are receiving because of one-man rule for the past 14 years. It is time for a change," she said.

HOLLYWOOD PROBERS MAY IGNORE CHAPLIN

WASHINGTON Oct. 17 (AP)—The House Committee on unAmerican Activities may conduct its forthcoming investigation of Hollywood without testimony from Charles Chaplin.

Rep J. Parnell Thomas (R-NJ), committee chairman, told newsmen at a "briefing" session today he is not certain that Chaplin will be put in the witness stand during the "two or three weeks of hearings" starting next Monday. The committee wants to learn whether there are any Communists in Hollywood, Thomas said.

Chaplin is one of almost 50 Hollywood personalities subpoenaed several weeks ago and had been considered one of the headline witnesses.

"We may complete this case without Charlie Chaplin," Thomas said.

While the chairman declined to identify the first witnesses he said there will be an average of three or four witnesses daily, with from 40 to 50 to be called. Not all of them will be from Hollywood, he added, but 95 percent of them will be from the movie industry.

'Santa Claus' Gets a Gift

Santa Claus portrayor for many Los Angeles Yule seasons, 92-year-old James Lucas, who lost a leg last year, receives needed wheel chair from an anonymous "Santa Claus" who read of his plight in Los Angeles newspaper.

CONANT FORESEES LONG ARMED TRUCE WITH REDS

ALBANY, N. Y., Oct. 17 (AP)—President James Bryant Conant of Harvard University foresaw tonight a long "armed truce" with Russia but said it was the "height of foolishness" to accept war with the Soviet as inevitable.

Conant, wartime chief of the national defense research committee on atomic power, said an agreement on international control of this energy "might be just the step required" to achieve lasting peace, but he visioned no early solution.

"If and when the day comes that an effective scheme. . .is put in operation, the idea of the impenetrable iron curtain begins to fade," he declared at the 81st convocation of the University of the State of New York.

Conant warned the nation against "panicky reaction" to the activities of foreign agents, meanwhile, and hit at possible "witch hunts" in educational institutions.

IMPROVEMENT SCHOOLS

MANHATTAN, Kansas—(INS)—A series of 22 home improvement schools beginning December 1 and continuing through March 25 has been announced by Harold E. Stover, extension agricultural engineer at Kansas State College, Manhattan. There will be two-day schools in most of the counties.
