WIAA Can Not Control All-Star Games

MARINETTE — The Wisconsin Interscholastic Association's board of control reiterated today it could not approve or disapprove the annual All-Star state high school football game.

In an editorial in the current issue of the Bulletin, the board declared it had no authority over the classic because the youths who compete in it no longer are prep students.

"The authority of the board of control is definitely confined and limited to the association regulations as approved by member schools," the editorial said. "These regulations confine their regulatory powers to boys while students of a member high school. The All-Star gave is an event in which boys who have graduated from high school participate."

The editorial further declared "neither the value or desirability of the All-Star game are an issue. The only question is one of authority."

It pointed out that the board had been asked to approve the contest "as otherwise it might be held at some point other than at the University of Wisconsin." The Big Nine, of which Wisconsin is a member, opposes such All-Star games, the editorial said.

"If the University of Wisconsin wishes to sponsor the All-Star game their request should be to the Big Nine and not to the WIAA," the editorial said.
