Livestock Show Formally Open

CHICAGO, Nov. 29. (UP) With the backdrop of world hunger accenting its motif, the 48th International Livestock Exposition, showing the finest of North America's agricultural wealth, formally opened its gates today.

More than 12,500 head of cattle, horses, sheep and swine and 3000 nearly perfect samples of grain and hay were on display for the livestock exposition and the international grain and hay show—both designed to improve production in the scientific farm age.

Farm boys and girls, the food producers of tomorrow, dominated the competition in the first day of the eight-day show which sponsors expect will attract 300,000 visitors.
