Campaign Buttons Need Identification, Too

The name and address of the person issuing campaign buttons for a candidate for public office must be printed upon the face of the buttons, Atty. Gen. John E. Martin ruled today.

Martin's opinion was requested by Winnebago County Dist. Atty. John A. Moore, Oshkosh. Moore inquired if the law requiring campaign literature to state the name and address of the persons authorizing such literature applied to campaign buttons.

Martin ruled that it does. However, he said, the name and address of the person or organization authorizing the buttons "can be printed in type of almost microscopic size so long as it is legible." The law sets up no requirement on the size of type used for printing this information, he explained.

Ex-WPA Site Leased for Air Force Camp

ST. PAUL, Minn.—(U.P.)—State Parks Director Lew E. Fiero said today that the second air force has leased a former WPA camp in Itasca state park as a rest and recreation camp for air force personnel in 12 midwestern states.

Personnel from bases in Wisconsin, Wyoming, the Dakotas, Minnesota, Michigan, Nebraska, Colorado, Iowa, Illinois, Kansas, and Missouri will use the camp.

Visitors will attend the camp in two-week periods with the first group expected to arrive late in May.

City Manager Form Asked in Kaukauna

KAUKAUNA —(U.P.)— A petition, signed by 453 voters, was filed here requesting a referendum in the April election on the council-manager form of city government, former Mayor Lewis F. Nelson, said today.

Nelson headed a citizens committee that circulated the petition. The council-manager system will eliminate inefficiency which costs taxpayers about $5 per person too much, Nelson charged.

The council-manager system was defeated 1,840 to 721 in a vote in 1946.
