BOY GIVES AWAY OLD COINS

Now Whole Town Alert for His Dad's Collection

BELLE FOURCHE, S. D., May 22. (AP) Jimmy Coulter was the most poular first-grader here by giving away money to his playmates all week long.

Yesterday, Jimmy's teacher called his mother, Mrs. Donald Coulter, to learn if she knew about the cash contributions. She didn't. But Mrs. Coulter recalled for years her husband had been collecting old coins. She said he had about 80 valued at $200.

She investigated at home. The jar that held the coin collection was there all right—but its contents were missing. Today a general alarm went out to Belle Fourche shopkeepers to be on the lookout for any rare coins that might be proffered by the pop and ice cream trade.

China Nationals Take Kwanghua

NANKING, May 22. (AP) A military spokesman said today government troops had reoccupied Kwanghua near evacuated Laohokow and were driving Red columns northward into southern Honan Province.

The important city of Laohokow fell to Red troops of one-eyed Gen. Liu Po-cheng earlier in the week, who were last reported having crossed the Han River in a threat to control a rich section of north central China.

The Reds captured heavy national stores at Laohokow, including rice and fuel.

A naval spokesman said Communists were on the north bank of the Yangtze River between Chiangying and Shashin. He said adequate naval forces to prevent a Yangtze crossing by the Reds were on hand.

The naval spokesman said in the past two months Chinese naval forces had killed 673 Communists, captured 40 more and destroyed 160 Communist boats on the Yangtze.

In Peiping four newspapers carried reports that Yinghsien in Shansi Province had fallen to the Reds. A spokesman at Gen. Fu Tso-yi's national headquarters said he had no information on the report, distributed by the small local China News Agency.

Only yesterday national headquarters at Peiping reported the 36th day of the Yinghsien siege had subsided into skirmishes.

The privately owned Peiping newspaper, Shin Chien Jim Pao, reported between 400 and 500 passengers on a Peiping-bound train were made prisoners of Red troops who halted the train from Kalgan on Tuesday.

Another newspaper report said Red troops had captured Yenching in Chamah Province, 45 miles northwest of Peiping.

Truman to Get U. of C. Degree

SAN FRANCISCO, May 22. (UP) President Truman and Gen. Omar Bradley will receive honorary degrees along with five other famous men during University of California exercises in Berkeley and Los Angeles next month.

Conferring of the degrees was approved today at a meeting of the university board of regents in San Francisco.

Mr. Truman will receive his degree at exercises June 12 at Berkeley.

Bradley will receive his degree in Los Angeles campus exercises June 20.

Desertion to Reds Reported in China

SHANGHAI, May 22. (AP) Two American hospital workers who spent 14 months behind Communist lines in northwest China said today many National troops are deserting to join the Reds and that the Communists expect to win the Chinese war by 1950.

The pair—Miss Margaret Stanley of Oskaloosa, Iowa, and Frank Miles of Salem, Ore.—were attached to a Friends Service hospital unit and arrived here after a 10 weeks trek from Shensi Province.

Both said a current story in Communist areas, but unconfirmed by any source, was that 160,000 of National General Hu Tsung-Nan's 270,000 men had either surrendered, been captured or deserted during the recent heavy fighting in the northwest.

S. F. Vice Lord Draws 15-year Sentence

SAN FRANCISCO, May 22. (AP) Everett D. Brown, Negro "vice lord" of San Francisco's Fillmore district, was convicted in 55 minutes Friday on two of four narcotics charges.

Federal Judge Louis Goodman called Brown "a vicious criminal and a menace to society," sentenced him to 15 years in federal prison and fined him $1000.

Flood at Peak

FAIRBANKS, Alaska, May 22. (AP) The flooding Chena River apparently crested late today after causing damage estimated roughly at near $100,000.

Mouse Breaks Up Session of Court

BALTIMORE, May 22. (AP) A mouse broke up trial of a damage suit in Circuit Court yesterday.

There were four housewives on the jury, but it was Bailiff David O'Dunne who let out the biggest yip.

The mouse ran up his sleeve as he was trying to chase it out from under Judge Michael Manley's desk.

The judge called a recess when the mouse ran under the jury box.

Gloom Seen in Rail Case

WASHINGTON, May 22. Labor-management relations in the railroad industry today reached perhaps one of the gloomiest points in the 22-year history of the Railway Labor Act.

One government official who has dealt with recent rail disputes said privately—but emphatically—that this law has failed to prevent nation-wide strikes and must be strengthened. He suggested that "compulsory arbitration" may be required.

The latest negotiations in the long and bitter dispute between the railroads and the engineers, firemen and switchmen's unions collapsed yesterday.

A long period of railroad operation under Army control seemed likely. Only federal seizure prevented a strike last week.

Not only are the railroad and union leaders deadlocked over working rules and wages, but they also are miles apart over the very meaning and intent of the Railway Labor Act.

Jews Balk at Sailing

HAIFA, Israel, May 22. (AP) A hundred and five Jews, 25 of them United States citizens, balked at sailing on the Marine Carp, from which 69 others were removed for internment in Lebanon this week.

They had passage on the U. S. steamer but refused to embark when she sailed yesterday for Alexandria, Egypt, because they had no guarantee of safety.

Picket Injured as Bus Goes Out

LUBBOCK, Texas, May 22. (AP) Bus drivers of the Texas, New Mexico and Oklahoma Coaches walked out here at 10:45 o'clock last night, and immediately set up picket lines.

Union drivers formed a picket line at the back of the bus in an effort to keep it from backing away from the loading station. The Avalanche Journal said it was reported one picket was injured as the bus went down the street.
