MACAWS UPSET AIRPORT AT END OF LONG FLIGHT

NEW YORK, July 19 — (AP) Restless after a 3,600-mile plane flight from Rio De Janeiro six brightly-colored macaws broke out of crates at La Guardia field yesterday and furnished freight handlers a busy half-hour before being captured.

The birds escaped by biting through their wire and plywood boxes. Handlers, using heavy gloves for protection, retrieved them.

Of varying shades of blue, red and yellow, the Brazilian birds were among a shipment of ten being sent to the Tracy Aviary commission, Salt Lake City. They are said to be valued at $75 each.

POLIO FEARS GROW IN NORTH CAROLINA

RALEIGH, N. C., July 19—(AP) North Carolina's polio outbreak at its present rate of incidence, will be the worst in the state's history.

The 23 cases reported Saturday brought this year's total to 679. It surpassed the second worst outbreak by surpassing the 675 reported in the entire year of 1935.

The worst epidemic was in 1944 when 878 cases were reported for the year. However in 1944 the 633rd case wasn't reported until the second week in September.

Hedges were such important parts of the old Roman gardens that those who cared for them and trimmed them were given a special dignified title.
