Have You A Weak Link?

A chain is no stronger than its weakest link, so your body is no stronger than its weakest organ. Common sense tells you to strengthen the weak link. What does common sense tell you about that weak organ?

A troublesome stomach, liver or kidney, weakens the human machine, cuts down your efficiency, ruins your pleasures, and turns your joys to misery, finally wrecking the entire human mechanism.

Chiropractic concerns itself with strengthening the human links. Call today, it may be the turning point for your whole future.

O'DWYER SETTLES TAMMANY DISPUTE

NEW YORK, July 23—(AP) Tammany Hall and Mayor William O'Dwyer have reached an agreement settling their dispute over Tammany's designee for New York County Surrogate, it was reported late today.

The fuss was ended with a compromise agreement to name General Sessions Judge John A. Muller for the probate post, it was said.

The compromise report followed withdrawals from the surrogate race by the two Democrats whose earlier candidacy had created the trouble between the City Hall and Tammany.

Those who withdrew were City Council President Vincent Impellitteri, the mayor's choice for surrogate, and General Sessions Judge Francis L. Valente, nominated by a majority faction of the Tammany executive committee.

ARMY PROBES SHOOTING IN GERMAN D.P. CAMP

BERLIN, July 23—(AP) U. S. military police were sent to a displaced persons camp outside Berlin tonight following a shooting incident. One DP was reported to have been shot in the shoulder.

The incident occurred at the Duappel center camp from which more than 5,000 refugees, mostly Polish Jews, are being transferred to the American occupation zone. They are being moved to reduce the load of supplies which must be flown into blockaded Berlin.

Dr. Leon Herling, president of the Duappel center camp, said the refugees "were satisfied to leave, but agitated by the speed of the transfer and because they thought, after waiting two or three years, they would be going to Palestine."
