ANSWERS TO QUESTIONS

By HASKIN

A reader can get the answer to any question of fact by writing the Press-Telegram Information Bureau, 316 Eye St. N. W., Washington 9, D. C. Please inclose three (3) cents for return postage.

Q. Is the American Field Service still functioning? D. B.

A. At present the American Field Service is not doing any ambulance service overseas. It is, however, interested in an international scholarship program. The American Field Service International Scholarships is a non-profit concern, devoted to the ideal of world peace through understanding between peoples. Participation in this undertaking is by means of an exchange of students, ranging from high school through college, and including graduate levels. The granting of scholarships is carried on in close co-operation with the Institute of International Education.

Q. Is the power to make treaties delegated to the President or to the Congress? G. R. P.

A. The Constitution provides directly that the President shall have the power to make treaties, but with the advice and consent of the Senate, two-thirds of the members present concurring.

Q. Did Queen Elizabeth give a ring to the Earl of Essex and promise that if ever he were in serious trouble she would protect him if he sent the ring to her? C. P. P.

A. According to the "Dictionary of National Biography": "The story that Essex when in favor had received a ring from Elizabeth, with an understanding that she would pardon him any offense if he sent it to her when in danger, and that just before his death, he forwarded it to the Countess of Nottingham, who retained it, is quite apocryphal."

Q. When was Bellevue Hospital in New York founded? M. W.

A. It was founded in 1736 as a "Publick Workhouse and House of Correction of the City of New York" and received its present name in 1816.

Q. Who owns the Lake of the Woods, the United States or Canada? J. McB.

A. The lake has an area of 1485 square miles, most of which lies in western Ontario, Canada. The northwest shore is the northernmost part of the continental United States.

McKENNEY ON BRIDGE

By WILLAM E. McKENNEY

THIS IS the fifth of a series of articles based on Fred L. Karpin's booklet, "The Point-Count System of Bidding in Contract Bridge."

In today's article we deal entirely with the jump-shift bid on the part of the original bidder. We all know that a jump-shift bid by partner is a game demand bid; but expert players do not always treat that type of bid by the original bidder as an absolute game demand, although I think they should.

In this hand, South has a count of 20 points—three for the king of spades, 10 for the ace-king-queen of hearts and the fifth heart, and seven for the ace-queen-jack of diamonds. He opns the bidding with one heart, and his partner makes open the bidding with one no trump, for which he must have at least six points.

In the point-count system, a

North: ♠ Q 7 2 (2) ♥ J 8 4 (1) ♦ 6 5 3 (0) ♣ A 7 6 2 (4) 7

West: ♠ J 8 6 4 ♥ 9 6 3 ♦ K 8 2 ♣ K 9 5

East: ♠ A 10 9 6 ♥ 10 5 ♦ 9 7 4 ♣ Q J 10 8

South (Dealer): ♠ K 5 ♥ A K Q 7 2 (10) ♦ A Q J 10 (7) ♣ 4 3 (0) 20

Tournament—Neither vul.

South	West	North	East
1 ♥	Pass	1 N. T.	Pass
3 ♦	Pass	3 ♥	Pass
4 ♥	Pass	Pass	Pass

Opening—♠ 4 27

count of 26 points in the combined hands is needed for game. South has 20 and his partner has advertised at least six. Therefore South must assure a game contract.

Karpin says in his booklet that a jump-shift rebid by the opening bidder is made on a hand which contains 19 or more points. It is true that with 19 points, if you find your partner with only 6, you will have a combined count of only 25 and occasionally the game will not be made. However, partner's minimum response may be based on 7, 8 or 9 points, so you should not be too pessimistic.

South, of course, does not have this problem in today's hand. He knows that the 26 points needed for game are in the combined hands. He bids three diamonds, telling partner that he holds at least 19 points and wants to go to game.

All North has to do is to select the suit, hearts or diamonds, or he could go to three no trump if he had good stoppers in spades and clubs and no support in hearts or diamonds. He selects three hearts and South goes to four hearts.

The only losers in the combined hands are a spade, a diamond and a club.

I think the Mundt-Nixon bill is as much a part of our defense as the draft. We must demonstrate to the world that we'll fight communism with arms and with statutes, wherever it tries to overthrow our government.

Let's Explore Your Mind

By ALBERT EDWARD WIGGAM, D. Sc.

Answer to Question No. 1

No, he is a problem for the whole community. Every medical, hospital and social aid should be given him. The community cannot interfere unless he acknowledges his weakness. It is estimated Alcoholics Anonymous alone is adding $150,000,000 annually to the earnings of alcoholics who were at the bottom of the ladder.

Answer to Question No. 2

Yes, provided they were once happy. I knew a couple where a divorce seemed not only inevitable but advisable. Then the 7-year-old daughter took rheumatic fever. Sitting together hour by hour, day and night by the bedside watching the little thing suffer, they discovered each other all over again, discovered new depths of need of each for the other that no other relationship could satisfy.

Answer to Question No. 3

For their judgment, William James said the aim of education should be to increase your power of judging. My reporter friend, Norris Leap, of the Los Angeles Times, told me he asked one executive, "Why do they pay you a quarter of a million dollars a year?" The executive replied: "For saying, once or twice a year, 'Yes' or 'No.' We're paid for our judgment on policies. If we guess wrong once we may keep our jobs, if we guess wrong twice, we're fired."

DIAL-LITES

TONIGHT
6:00-KFI—Ellen Glasgow's "The Romantic Comedians," a dramatic adaptation of a novel of the past deals with Judge Honeywell's quest and marriage to a young girl and the ensuing difficulties on tonight's N. B. C. University Theatre.
6:30-KNX—A young photographer gets entangled with an American diplomat in Brazil in Raymond Paige's tuneful after "Musicomedy." This week's drama is "Southern Exposure" starring Julie Conway, Johnny Desmond and Kenny Bowers in the singing-acting roles.
7:00-KFI—Its a new season, a different broadcast time, but it's the same old troubles for William Bendix on N. B. C.'s "The Life of Riley." The same brilliant supporting cast that made this show a hit last season assures another laughable repeat performance.
8:00-KNX—Another repeater—this one over C. B. S.—is the zany half hour laugh fest "Sweeney and March" after. After a summer vacation Bob Sweeney and Hal March will be in each others hair for a six-week series. It is a good show that tries to prove "what's in a pied, and how many laughs can you have."
8:30-KECA—Great for quick and easy wealth is the motive, crime is the plot, and "This is Your FBI" is the program on this A. B. C. half-hour thriller. Stacy Harris as "Special Agent Jim Taylor" will tie together all the loose clues and prove once again that "Crime doesn't pay."
9:00-KECA—With $1000 as the goal another group of anticipating contestants will wend their way through a maze of questions, and they hope answers on "Break the Bank." Hal Collyer M.C.'s the show with musical support from Peter Van Steeden and his orchestra.

The Answer for the Hard of Hearing

Now at long last comes almost a miracle in good hearing.

Works at home, in church, at work—in fact, any place where hearing well is a necessity.

So tiny it can be concealed in the hand, yet so powerful that even a whisper may be heard distinctly.

Interested people may write to the distributor of this surprising device, Wyatt Gibbons, 19 Pine Avenue, 709 Heartwell Building, Long Beach, Calif.

To make this new invention even more unbelievable, the cost of operation has been cut from dollars to pennies.

Would you like to see and hear this new development in your own home without risking one cent?

Write at once for the facts.
