State Court Backs Lawyer Penalty

SAN FRANCISCO, Feb. 3. (AP) The State Supreme Court has affirmed a 60-day suspension from practice imposed upon Lawrence W. Allen, Los Angeles attorney and pension promoter, by the State Bar Association Board of Governors.

The board charged Allen with "violating his oaths and duties as an attorney" in a matter involving the Temple of Yahweh, Inc., for which he was an attorney.

Allen was alleged to have submitted a $500 note in connection with a mortgage on the temple. The original note was lost.

The attorney appealed the board's suspension order, contending no one had suffered any loss.

The Supreme Court yesterday ruled that while no loss was suffered, Allen was guilty of moral turpitude and dishonesty. The court ordered the suspension effective in 30 days.

Two of 27 Survive as Launch Upsets

PANAMA, Panama, Feb. 3. (AP) A man and a woman, fished out of Panama Bay by helicopter, are believed to be the only survivors of 27 persons aboard a launch which capsized last Wednesday.

The disaster occurred when the 55-foot motor ship Josefina M., with 27 persons aboard, capsized en route from Darien Province to Panama City.

A passenger and a crewman set out in a small lifeboat to seek aid, leaving the other 25 persons clinging to the overturned hull. The pair was picked up by a passing vessel Wednesday night and an air search was begun for the Josefina.

Airmen finally spotted the ship yesterday and a U. S. Air Force helicopter picked up the two survivors. They were taken to a Panama City hospital, suffering from shock and exposure.

Searchers, who said that they saw seven bodies floating near the scene, held little hope that anyone else survived.

Rail Tieup Idles 126,000 Workers in Car Factories

DETROIT, Feb. 3. (AP) With more than 126,000 workers idle, the automobile industry is seeing its roughest days since last winter's Chrysler strike.

About 110,000 of the layoffs can be traced to the railroad switchmen's strike, industry spokesmen said. A variety of other disputes kept others out of work.

Low stockpiles of vital materials clouded the future.

Some supplies have been on a month-to-month basis, producers said, and if the rail strike continues a complete shutdown may be necessary by next week.

This was the situation:

General Motors—82,000 idle with 21 plants shut down in Michigan and in seven cities outside Michigan.

Ford—14,800 idle in assembly plants in nine states.

Nash—14,000 idle.

These three were the hardest hit, but another 43,200 workers were put off the job by short supplies in other auto plants from New England to Texas.

The last time the auto industry had such large numbers idle was last January and February, in the course of the 100-day Chrysler strike. The strike idled 150,000 workers.
