JACOBY ON BRIDGE

By Oswald Jacoby

When you're playing a difficult trump contract, don't be in a hurry to draw all of the trumps.

Drawing trumps is the best plan on most easy hands, but is seldom the right way to begin difficult hands.

In today's hand, for example, South had to leave one trump out to make his contract. The reason is easier to show than to explain.

West opened the king of spades and continued the suit, South ruffing. Declarer could now afford to draw two rounds of trumps with the ace and the king, but then he had to stop.

Declarer next switched to diamonds, and East shrewdly allowed dummy's king of diamonds to win the first trick in that suit. Declarer continued diamonds, and East won with the jack.

Now East led a third round of spades, and South was glad that he had left two trumps in the dummy.

He could ruff the spade with dummy's low trump, ruff out the ace of diamonds, and return to dummy by leading a trump to the queen in order to take the rest of the tricks with the established diamonds.

See what would happen if South made the mistake of drawing three rounds of trumps at the very beginning.

East would refuse the first diamond trick, but would win the second with the jack. He would then return a spade.

If South ruffed in dummy, he would thereby use up the last entry to dummy's diamonds.

If he ruffed in his own hand, it would be even worse since that would use up his own last trump, after which it would be quite impossible to bring in dummy's diamonds.

Sturgeon Bay Fire Hits Lumber Firm

STURGEON BAY (AP)—A spectacular fire at the Barker-Washburn Lumber Co. in the downtown area Sunday night was fought by nearly every pumper in Door County before being brought under control about midnight.

A bridge tender told authorities he saw a lightning bolt strike near the center of the lumberyard about 10 minutes before the blaze was noticed.

The company office and warehouse were badly damaged, with the exact loss still undetermined. A fireman and a company employee were taken to Door County Hospital with cuts and bruises sustained in fighting the fire.

Military Sets Pacific Defense Meeting Date

HONOLULU (U.P.)— Military representatives of the United States, Australia, and New Zealand will hold their first meeting under the framework of the Pacific defense alliance Sept. 22, Adm. Arthur W. Radford announced Monday.

Radford, commander of the U. S. Naval forces in the Pacific, said the meeting would be held at Pearl Harbor to draw up plans for Pacific defenses against an attack from Communist forces or any other military aggressors.

House Red Probers Open Chicago Hearings

CHICAGO (AP) — Counsel for the House Un-American Activities committee said Monday that mostly Communists or suspected Communists will be called as witnesses in hearings opening today on alleged Communist infiltration into defense industries.

Chief Counsel Frank S. Tavenner declined to name any witnesses, however.

Asked if some would be labor leaders, Tavenner said that whether any witnesses are labor officials has "no bearing" on the hearings. The committee, he said, is interested chiefly in Communists who hold leading positions in defense plants.

The hearings are expected to last at least a week and are a continuation of sessions held earlier at Detroit, Baltimore, and in Massachusetts.

On Friday the House committee will set aside the Communist inquiry for one day to hear testimony from Dr. Edward U. Condon, former director of the National Bureau of Standards and the object of a loyalty controversy since 1948.

Tydings to Testify in McCarthy Suit

WASHINGTON (AP)— Former Sen. Millard Tydings of Maryland, who wants to debate his old political foe, Sen. Joseph R. McCarthy of Wisconsin, was booked Monday to testify against him Wednesday in McCarthy's libel-slander suit against Sen. William Benton of Connecticut.

Tydings and Benton are Democrats, McCarthy is a Republican.

The forum Wednesday will be a pre-trial hearing at which Tydings will give sworn testimony for use at the trial itself if he is not available to appear as a witness for Benton later.

Hurricane No. 2 Found by Ships Near Puerto Rico

MIAMI, Fla. (UP) —The second tropical hurricane of the year billowed up in the Atlantic Monday as the first storm lashed the East and swelled rivers to dangerous levels as it died.

Storm "Baker" was found by ships Monday morning 350 miles east-northeast of San Juan, Puerto Rico, or 1,350 miles east-southeast of Miami.

This tropical tempest was spawned in the same spot as the season's first hurricane that hit Charleston, S. C., Saturday night and left a trail of at least four persons dead, hundreds of thousands of dollars in property damage and threatened floods in North Carolina.

A rainshield in front of the first storm stretched from Buffalo, N. Y., to Boston, Mass., late Monday. The storm itself reached across a wide area and still packed a punch strong enough in New York City to knowk down power lines and trees and damage small boats.

New York City was pounded with winds of 42 miles an hour with gusts up to 50.

Caudle, Ousted Tax Official, to Testify on Probe 'Blockade'

WASHINGTON (AP)—House investigators will question ousted Justice Department official T. Lamar Caudle behind closed doors today on charges that attempts were made to block a 1951 grand jury inquiry into St. Louis tax scandals.

Rep. Kenneth B. Keating (R-N. Y.) said Caudle, former head of the department's tax division, will appear before a House judiciary subcommittee investigating the department. Keating said Caudle also will be asked about the "background of administration" in the agency.

Caudle was ousted from his post by President Truman for outside activities "incompatible" with his official job.

The subcommittee invited Caudle, former Atty. Gen. J. Howard McGrath and former Deputy Atty. Gen. Peyton L. Ford to testify after receiving a deposition last week from Federal Judge George H. Moore, who ordered the grand jury investigation.

McGrath also has accepted the subcommittee's invitation and is scheduled to testify about the middle of this month.

Moore said in his deposition that the late Drake Watson, U. S. attorney in St. Louis, admitted to him that the Justice Department sought to block the grand jury investigation. The inquiry later led to the indictment of St. Louis Tax Collector James P. Finnegan.

U. S. Employes Aid Democrats, Hood Claims

WASHINGTON (U.P.)— The Republican National committee charged Monday 2,600 "propagandists" on the federal payroll are being used to "push Democratic propaganda during the election campaign."

Wayne Hood, La Crosse, Wis., executive director of the committee, said in a statement "reports continue to reach us that these propagandists employed by the government at a cost of some $20,000,000 annually are being used to aid the Democratic campaign."
