NEW WEAPONS ADDED TO BRITISH SUB KILLERS

LONDON, Feb. 18 — (AP) Britain's fleet of fast submarine killers is being rapidly equipped with new automatic weapons that seek out targets and set and fire depth charges automatically.

An admiralty spokesman said the weapons are an improved version of the "Squid," a three-barreled mortar that flings missiles ahead of the ship.

The charges fall in a triangle to explode just ahead of the ship. Radar mechanism at the stern picks up signals as the ship passes over the spot to detect a kill.

The "Squid" can be fired over a much wider arc than the rear-firing depth charge mortars of World War II days, experts said.

The forward firing also cuts valuable seconds from the time lag between detecting an enemy submarine and closing to attack.

ASKS PACKAGE STORE PERMIT

A. Edward Sandula, Bridgeport Republican leader who will relinquish his post as deputy state motor vehicles commissioner March 1, is planning to operate a liquor package store at 361 Stratford avenue, near East Main street. A permit for operation of the store has been sought by Mr. Sandula's wife, Anne C. Sandula, in an application to the State Liquor Control commission.

Mr. Sandula, who is slated to be appointed deputy registrar of voters when the present Republican deputy, Frederick Emeneger, retires around May 1, recently announced he planned to open a package store.

Bolivia's oil development is the bright spot in a gloomy economic picture.

POTASH PREPARES TO GO TO POLAND

WASHINGTON, Feb. 18 -(AP) Irving Potash, 55, who just served three years on one communist conspiracy charge and faced trial on another, was reported today to have completed arrangements to leave the United States for Poland.

High U. S. government sources said they had been advised that Polish diplomatic authorities have given Potash the necessary travel papers and that he will sail from New York on March 4 aboard the S. S. Saxonia.

U. S. authorities were understood to be willing to see him go.

Potash, Russian-born former vice president of the Independent Fur and Leather Workers union, never became a U. S. citizen. He was convicted with 10 other top communist leaders on charges of conspiring to teach and advocate the violent overthrow of the U. S. government.

Released from the Leavenworth, Kan., penitentiary last Dec. 9, he was free in $5 000 bail pending trial March 1 on a charge of knowingly belonging to an organization (the communist party) teaching and advocating political violence.

The government consented to a court order in New York yesterday allowing him to make arrangements to go to Poland. The Polish Embassy said he would be granted asylum in that country, and arrangements for his departure apparently were made while he remained in New York.

AREA TO BE TOURED BY BORDEN DISPLAY

This week and during the next two weeks, the Borden Dairy company's 70-foot "Elsie's Good Food Line Train," will be seen by persons in the various sections of the Bridgeport area.

Beginning Monday and Tuesday, the train will be on public display in Stratford. On Wednesday and Thursday the show piece will be in Fairfield; on Friday in Black Rock and the West End, and on Saturday in the North End. A schedule for the next two weeks is being planned.

The train, shipped here from California, is self powered by a tractor and consists of an engine, tender, two flat cars and a caboose.

"Elsie's Good Food Line" was conceived in 1951 and was designed by Walter Early, the artist who drew "Elsie," the Borden Cow.

AIDES NAMED FOR DINNER

Thomas F. Bennett, faithful navigator of Philip Sheridan assembly, 4th degree, Knights of Columbus, yesterday announced committee chairmen for the annual Chalice fund dinner to take place Tuesday at 6 30 p. m. in St. Mary's church hall, Pembroke street.

They are as follows: tickets, Peter A. LaPotta; arrangements, Esperdito Paucielllo; music, William J. Shine; reception, James J. McGuire; dinner, Howard Dunne and Arthur Laitres.
