RAILROAD TAPS MASSEY AS GENERAL MANAGER

NEW YORK, Sept. 12—(AP) The appointment of Samuel J. Massey Jr. as general manager of the New Haven railroad was announced by Vice President Paul R. Goulett. Massey formerly was vice president and general manager of the Grand Trunk Western railroad.

Born in Philadelphia, Miss., 48 years ago, Massey was educated in the public schools of Boyle, Miss., and began his railroading career in Greenville, Mass., as clerk, secretary and accountant for the Illinois Central.

Promoted to more responsible positions with the I. C. in Vicksburg, Miss., and New Orleans, Massey joined the Grand Trunk in Detroit three years ago as general manager, and became vice president a year later. Other positions he held included the presidency of the Grand Trunk Milwaukee Car Ferry company.

Massey is married and the father of a daughter.

UNUSED CANNON SCRAPPED

VALLETTA, Malta, Sept. 12—(AP) Britain's big coastal defense gun here is being scrapped without ever having been fired in anger. It is the 17.72-inch "Tigne Terror" set up in 1896 and pointed at Sicily. The barrel weighs 100 tons; an underground railway was built to haul its shells.

ARMY CLEARS 48 POWs OF AIDING RED CAPTORS

WASHINGTON, Sept. 12—(AP) The Army said today it has dropped the cases of 48 more former prisoners of war suspected of collaborating with their communist captors in Korea. Investigations disclosed no basis for action.

This brings to 295 the number of cases in which Army investigators found insufficient evidence for action out of an original total of 426.

Army boards, to which investigators referred over 100 cases, have cleared six suspects, and 62 have been discharged from the service.

Nine men have gone to trial by court martials, even were convicted and two acquitted.

The Army still has 54 cases pending under investigation or trial.

LUMBER OUTPUT UP

WASHINGTON, Sept. 12—(AP) The National Lumber Manufacturers association says that in the first seven months of 1955, estimated total lumber production was 22,463,000,000 board feet. The association says that was five per cent greater than in the corresponding 1954 period, with softwoods up 10 per cent and hardwoods down 14 per cent.
