QUESTIONS & ANSWERS

Q—Is there any constitutional law regarding foreign ambassadors?

A—Under the Constitution an ambassador must present himself and his credentials personally to the president to receive accreditation.

Q—What does the distress signal SOS stand for?

A—SOS does not stand for anything except by popular fancy. It is merely a combination of letters easily transmitted and received by radio.

Q—At which of our four seasons in the U. S. is the sun nearest the earth?

A—In the winter season. It gives us less heat then because the earth's position is such that the rays come down slantwise, and a given amount of heat is distributed over much more surface than in summer.

Q—Who founded the Chicago Symphony Orchestra?

A—Theodore Thomas in 1890.

Q—What is the chief substance in fire damp, a gas which causes mine explosions?

A—Methane, often called marsh gas.

FOG DELAYS LINER

SOUTHAMPTON England, Nov. 6 (AP)—The American liner United States radioed today that fog would delay her arrival from Bremerhaven. The 53,329-ton liner, due to pick up 435 passengers here today for New York, is not expected now until early tomorrow.

PFENNIG DISPUTE

ESSEN, Germany, Nov. 5—(AP) Ruhr steel workers will vote next week on whether to strike for higher wages. Employers have rejected demands of the 250,000 workers for a 20-pfennig (4.8 cents) increase over present average pay of 240 marks ($57 cents) an hour. Employers offered a 12-pfennig increase.

NBC TO SPEND MILLIONS ON COLOR TV EXPANSION

NEW YORK, Nov. 6— (AP) The National Broadcasting company announced today a 12-million dollar program to expand its color television facilities in New York, Los Angeles and Chicago.

NBC Executive Vice President Robert W. Sarnoff said the expansion will allow the network to double its present five color TV schedule of 40 hours a month by next Fall. He predicted that the move would be a "powerful stimulus" to the development of color TV.

The main items in the program include a new color studio in Burbank, Calif., and in New York, another color studio plus conversion of the Ziegfeld theater for color telecasts.

All black-and-white facilities at Chicago station WNBQ will be converted to color with added facilities.

Of the 12 million, Sarnoff said, about $4,750,000 will be spent in New York, $1,250,000 in Chicago and the rest in California.
