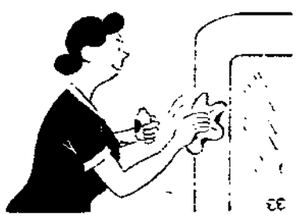
PATCHING PORCELAIN AND ENAMEL



With the exception of some [illegible] few things in this world stand out as badly as a chip in the enamel or porcelain finish on a bathtub, kitchen or bathroom [illegible]. Now as we've mentioned before, the enamel is more [illegible] to stand up under [illegible] much that can be done about it but if the area isn't subject to under water use, inexpensive paint can be applied. [illegible] a special patching compound which [illegible] at most hardware stores. These are sold under various trade names and are known as [illegible] patching enamel [illegible].

First of course do [illegible] remove all rust from the exposed metal [illegible] with [illegible] a coat of [illegible] primer. [illegible] the [illegible] apply [illegible] compound. Be sure to follow the manufacturer's directions. When the [illegible] hardened, it can be smoothed with fine sandpaper. Most of these patching materials [illegible] are [illegible] more [illegible] to do the job and then remove the excess after [illegible] a day with sandpaper. [illegible] type of patching compound is a coat of waterproof glaze [illegible] be applied after the patch is [illegible].

Ken Kisher of Minnesota set a Big Ten bowling record in 1955 when he averaged 442 yards on 25 games.

JACKIE GLEASON the businessman does not admire Gleason the playboy
THE CATHOLIC in him hates Gleason the connoisseur of blondes
THE ACTOR has little respect for Gleason the drinker
THE BROODING MAN has no affection for Gleason the clown

These statements appear in one of the frankest, most startling articles ever published on a popular entertainer. It's in the new issue of LOOK magazine, just out.

Don't miss "The Life of Jackie Gleason" by Jim Bishop, an always fascinating, often touching story of one of the greatest men in show business
