Legend Attested

The legend that curiosity at one time killed a cat seems only to spur certain individuals on when there is an aura of secrecy surrounding any particular thing. Howard J. Green will attest to this since he worked on the secret original story assignment for Edward Small-United Artists.

Fancy Styles

The coming season should see a multitude of fancy furberlows in women's dress, according to Max Ree, who designed the costumes for "Midsummer Night's Dream." These will find their inception as a result of the fancy dresses in the Shakespearean picture.
