

Poison Gas Kills Millions

"Constipation is one of the greatest causes of disease, misery, inefficiency and premature senility, and should be most earnestly combated," says Dr. Kellogg.

A coated tongue, a sallow complexion, dark circles around the eyes, appearance of brown spots upon the hands or other parts (the so-called liver spots), offensive breath and perspiration, the discharge of foul-smelling gases from the bowels, putrid stools, a thin, inelastic, parchment-like skin, dullness of mind, mental irritability or depression without cause, cold hands and feet, chronic headache, attacks of migraine or sick headache, arthritis, neuritis, rheumatism, asthma, pains around heart—these and a score of other symptoms which might be mentioned are certain indications of chronic poisoning.

A thorough cleansing of the colon, removing the cause, may prevent more serious conditions, such as hardening of the arteries, Bright's disease, with albumen and casts in the urine, or apoplexy with paralysis. Phenomenal results are obtained when the cause is removed.

Residents of Los Angeles are fortunate in having the New Yorker—a haven for those who suffer—where the cause may be removed; where the afflicted heal themselves as if by magic. New Yorker specializes in thoroughly cleansing and eliminating all waste matter, causing toxic poisons, from the colon. Rid yourself of toxic poisons. If suffering, come to our office at once for immediate relief. Office treatment only—8 a.m. to 8 p.m. Consultation free—no obligation. Send for free booklet, "How to Heal Yourself." Help Build the Greatest Demonstration in Los Angeles History For a Jewish Commonwealth in Palestine

"PALESTINE FOR THE JEWISH PEOPLE"

On the eve of the 28th anniversary of the Balfour Declaration, we call upon freedom-loving men and women of all faiths to join in a mighty outburst of indignation against the callousness and duplicity practiced upon the helpless Jewish people by the British Government. Britain and our own Government must know that the American people will not be silent while the solemn pledges made to the Jews — unfulfilled these many bitter years — are scrapped to appease pro-fascist Arab chieftains. Let there, then be a great outcry for justice that will be heard across the oceans and in the council-chambers of the Great Powers. We shout, and all Los Angeles voices support:

"For years we waited patiently for the fulfillment of Great Britain's pledges to the Jewish people. We waited in vain. In the meantime, 6,000,000 Jews were killed in Europe, while Britain and America, too, gave us promises and meaningless words of sympathy. Our patience is at an end! We shall not continue to suffer treachery and injustices silently. As Jews, as Christians, and as American citizens, we will fight back relentlessly until the legitimate rights of the Jewish people are recognized — until Palestine is opened wide to free Jewish immigration and a free democratic Jewish state, with equal rights for all, is established."

Prime Minister Clement Attlee of Great Britain and President Harry S. Truman of our own United States must heed our plea!

Let the 28th Anniversary of Britain's Unfulfilled Balfour Declaration Be the Signal for a World Upsurge of Demands for Justice for Jewry!
