

faithfully serve National Supply Company

For eighteen years this U. S. Motor has delivered faithful. trouble-free service in the National Supply Company shops. It is shown here powering a Norton Universal Grinder, in a super finish grinding operation. National Supply uses many U.-S. Electrical Motors in the manufacture of its extensive line of high quality oil field equipment.

Like U. S. Electrical Motors Inc., the National Supply Company has provided steady employment for thousands of people in this area for many years. Both companies are widely known for their precision manufacturing methods and the lasting dependability of their products.

U. S. Motors have been reaming up with industry-locally, nationally and internationally for forty years. Regardless of size-ranging from small 14 h.p. to huge 500 h.p. motors-U. S. Motors have established an enviable reputation for outstanding dependable performance in the electrical field.

# SKIN DISORDER

Read what this famous doctor says: 15,000 letters from grateful patients ECZEMA: This disease is due to irritants in the fluids of the body which seek an outlet through the skin and mucous membranes. Eczema is characterized by extreme itching, making it a very discomforting and irritating disease. The skin is scaly and generally exudes a scrum, making an additional danger of casy infection starting with eczema which was poisoned by scratching bacteria into discourse spelicaemia.

PSORIASIS is similar to eczema, but necurs mostly on the skin where there is hair growing. White mother-of-pearl scales form a red base, but there is no it cream a red base, but there is no it cream; and the cure depends upon the same treatment. The hair will come out in patches if this disease is not arrested quickly. Local treatment will get wonderfully quick results, but the disease is are removed.

ACNE, blackheads, pimples, scales, pustules, crusts and inflammatory red ness, appearing mostly on the face and back. These disorders are especially liable to appear at the age of puberty, because of the systemic changes taking place of of store present. A contributing cause is often stoppage of the pores and sebaceous glands. The cure depends upon the climination of those sexess materials in the blood stream which have produced the disease.

Dr. Chas, A. Tyrell, M.D., eminent physician, says:

"The most rational and practical manner of dealing with this... breeding place of disease is to wash it out. With me, it has passed beyond the theoretic stage, for I have in my office fully."
