## to good telephone service

• Give the person you're calling plenty of time to answer-at least a full minute ... and you'll reach him more often.

• Encourage the youngsters to be considerate telephone users ... and you won't miss important calls.

• Wait a few minutes between calls if you're on a party-line ... good party-line neighbors get better party-line service.

• Unless you're sure of your number, look it up before you call. It's also wise to keep personal lists up-to-date.
