"a species of fraud on the American public..."

TO THE TELEVISION AUDIENCE

The employment opportunities of professional musicians in the United States are being curtailed seriously by a growing, but little-known practice in many filmed network television shows. The same thing is also happening in motion picture production.

The music which you hear on these shows is made abroad at cut rates, at the expense of American musicians.

This practice has grown to alarming proportions, and has led Senator Wayne Morse of Oregon to introduce a resolution in the Senate demanding a Congressional investigation of the effects of these practices on employment for American musicians and other workers in the film entertainment industry.

The situation is not generally known. Sponsors and producers naturally would prefer that it should not be. However, it is becoming such a serious threat to employment opportunities that it has been branded by Senator Morse as "a species of fraud being perpetrated on the American public by many American producers of film entertainment."

The American Federation of Musicians, whose members would normally be employed to provide music for these shows at union wage scales, is initiating a national campaign of protest against these shows and their sponsors.

Local 802 is participating in this campaign and giving it full and vigorous support.

We feel that our cause is a just one.

We sincerely feel that we are not only fighting for employment which is rightfully ours, but we are also opposing a real threat to the perpetuation of Live Music in America.

We hope we may have your understanding, encouragement and support in our efforts.

The following television shows use foreign-made music:

BAT MASTERSON THE BLACK SADDLE THE DUPONT SHOW JOHNNY RINGO LASSIE THE LOCKUP MEN INTO SPACE RICHARD DIAMOND

THE RIFLEMAN ROBERT TAYLOR'S DETECTIVES SEA HUNT TALES OF THE PLAINSMEN TOMBSTONE TERRITORY WANTED DEAD OR ALIVE WICHITA TOWN ZANE GREY THEATRE
