Numerology

By Evelyn Holmes

March 25, 1941.

Universal Day—Keep your wits about you. You might get a little absent-minded or muddled.

April—If you are having a five-year this year, then this coming month means the breaking up of some old conditions. You might feel that you are losing something, but let it go to make room for something else which ought to come into your life now. Since this is the year for changes, you should prepare for them this month by clearing out the underbrush so you can stand out in the clear, ready for action for the rest of the year. You can't really be free, as this year suggests, if you are carrying around dead wood. Make it a point to cut ties that are too binding and are not essential. You might have a new romance come this year, and if you are ready for one you ought to let the old love go without regrets.
