

Make Yourself a Job

WITH ED BISHOP
The Idea Hunter

A carpenter in DeWitt, Ark., has found still another way to convert old automobile inner tubes into profitable enterprise. He cuts them into strips 1 1/2 inches wide and laces them into new bottoms for cane-seated chairs that have broken through. He states that almost every home has one or two such chairs and that he received one order to repair fifteen chairs for a church. They make a neat job, easily done, and are very comfortable.

Some simple new idea, properly broadcast, may put 1000 men back to work. If you know any idea, actually working, help spread the news by sending full details to Ed Bishop, care of this newspaper.
