Leibowitz's statement followed: an unsuccessful attempt to have the special "blue ribbon" jury panel thrown out on the grounds that women had been excluded. Jury Selection Difficult

It appeared likely that more than one day would be required to pick a jury from the panel of 150 talesmen especially selected on the basis of character and intelligence.

Leibowitz, who has never lost a client to the electric chair, will present a parade of psychiarists who will say that Irwin was not sane. The state, expected to build the major part of its case on rebuttal, will counter with psychairists who will testify that he was. It will be a battle of psychiarists similar to that of the Loeb-Leoald trial in Chicago, or that of Harry K. Thaw for the slaying of

Black Assails | Sport—His | Colleagues on | Body— State Invasion Rescued

WASHINGTON _(U.P)_ Associate Supreme Court Justice Hugo body of Sport, five-year-old "community dog" who feil into an sailed his colleagues on the bench for invading the rights of state for invading the rights of state legislators in a dissent opinion.

Black, whose vigorous and often lone dissents marked his first year on the high tribunal, asserted today that his colleagues erred in a case involving a Florida law requiring the word "Florida" to be embossed on all containers of Florida citrus products.

The court, earlier, agreed to review a new phase of the congres-sional resolution invalidating gold clauses in private obligations.

Black's dissent asserted his assoto hear oral arguments attacking validity of the labeling laws. The majority ruled that a three-judge southern Florida federal district court was in error in dismissing the attack, filed by a group of citrus products packers.

Black said the bill had been introduced in both houses of the Florida legislature simultaneously, carfully considered by a special joint legislative committee for six weeks, and approved by a vote of 24 to 1 in the senate and 70 to 0 "The cause is remanded for the court below to determine whether

the legislative requirement that cans and labels be truthfully marked is arbitrary, unreasonable, capricious, unjust or harsh." Black "This makes it necessary for

the court to weigh and pass upon the relative judgment, polse, and reasoning ability of the one legislator who voted against the law, as contrasted with the 94 legis-lators and the governor who favored it." "The important consequences of

this remand raise far more than mere questions of procedure. Accordingly, it becomes increasingly important to protect state govern-ments from needless expensive burdens and suspensions of their laws incident to federal court injunctions issued on allegations that show no right to belief."

charge. He was fined \$10 by Judge Roy H. Practor.

Halbersladen, police said hit a car driven by Robert Morgan, 2717 Gregory st., on N. Park st., and then ran into and damaged a second car owned by Robert Wallace, Mazomanie. A witness obtained Halberlad-

en's license number as he fled in his car on W. Dayton st., and toward the square. Officer Albert Markgraf located the man.

Police then discovered that Halbersladen drove a car owned by William Merz, 306 W. Mifflin st., at the time of the double accident, and found that it had Iowa, not Wisconsin, plates on it. Merz was fined \$10 in court by Proctor for improper license plates. Merz told the judge that he own-
