It's all smiles and good fellowship in this picture of the President and vice president, but the good-

natured inscription by Roosevelt on the above autographed picture comes from the heart as the chief

executive and Vice President Garner clash over the White House WPA appropriations bill. Gar-

ner wrote, left, in this autographed picture of Dr. George W. Calver, capitol physician: "To Doc' Calver—thanks for making me 'try' to behave." Then FDR wrote: "For Dr. Calver—keep on trying."
