Brilliant Stars In Cast Of Radio Theatre's Offering

Lionel Barrymore, Edward Arnold And Peter Holden To Do "The Return Of Peter Grimm"

A play of which Cecil B. DeMille was co-author with David Belasco will be presented in the Radio Theatre Monday, with Lionel Barrymore, Edward Arnold and Peter Holden in the leading parts. The play is v"The Return of Peter Grimm," and the radio adaptation of the original Belasco-DeMille play will be heard over WABC at 9 p. m. with De-Mille as usual producing.

This play, which enjoyed great success on Broadway and in the movies, was a product of the days before DeMille became associated with the movies, when both he and his father worked with Belasco in New York.

Lionel Barrymore plays the Peter Grimm of the title and Peter Holden is the boy William, a role very similar to the one in which he made such a hit on Broadway last year - in On Borrowed Time.

Inspired by the fact that February brings with it the birthdays of Washington and Lincoln. Al Pearce and his Gang will delve into the past to present their hyterical version of "Historical Night" in their program Monday from 8 to 8:30 p. m., over WEAF. Elmer Blurt, Vince Barnett, Eb and Zeb, Arlene Harris and Tizzie Lish all will turn back the pageof history for the amusement and umazement of their audience.

Carl Hoff, doing his own share of turning back the pages, will offer a super-dooper swing arrangement of that piano beginner's favorite "Chopsticks," as the musical feature of the program. And when the Hoff-tempo boys start giving out, it's safe to predict that you'll never recognize the Love. old two-tinger tune. Hoff and the orchestra will also present other more recently popular selections.

Six beautiful girls, all modern American dancers, and six serious young engineers will be arrayed against one another on Dr. Harry Hagen's True or False program over WJZ Monday at 10:00 p. m. Four of the engineers are college men, one with a master's degree.

The dancers' team is composed of Klarna Pinska, captain; Hilda Sheldon, Selma Rubin, Kathleen O'Brien, Lily Mann and Francisca Del Burgos, The engineers are Alex E. McCollom, captain; Wil-
