Fractional Advances Recorded at Quiet Opening On Wall Street

LIMA STOCKS Westinghouse Elec. & Mfg. Co. up 1 1/2, high 117 1/2, low 117, last 117.

NEW YORK, March 11—(AP)—Leading stocks continued to point higher in today's brief market, but advances generally were confined to small fractions.

Improved to a quiet opening were Anaconda, Douglas Aircraft, Westinghouse, Sears Roebuck, Montgomery Ward, General Electric and Du Pont.

In addition to the step taken by the S. E. C. to liberalize short selling, market followers found further encouragement in trade items.

Noted were figures of the Federal Reserve board for last week disclosing department store sales throughout the country moved sharply ahead of the like period a year ago.

Attention was given the announcement of the interstate commerce bureau of statistics that at the middle of February, employment on class 1 railroads was up .32 per cent over the same time last year and was 1.31 larger than in January, 1939.
