Harry "Bottle" McNaughheard with Phil Baker over CBS every Saturday right, is strutting around issuring challenges these days.
Since "Bottle" married the
golf champ, Marion Turple,
some 10 months ago, he has lowered his own handicap at pasture pool from 12 to seven -- which is good golf in any man's language.

Generally, the injury cannot be seen from the outside although damage does sometimes occur near the surface, causing the wall of the root to break in and canker

"Dear Mr. Culbertson: Recently selves. North's spade holding alone made it inconceivable that East would

breakdown in cabbage.

These discoveries by J. C. Walker, J. P. Jolivette, and J. G. McLean, plant pathologist at the University of Wisconsin, solve what has been one of the most springs problems in graving grave. successful the trapper must not carry too big a gun. In this case North

would have been much better advised to have entered the bidding immediately with a double. Technically, of course, this double would be for a take-out and there would be no chance that South would be able to leave it in. But at least North would have taken the first step toward reaching a game of his own.
After such a double South would have the values for a jump to three hearts and, although this might possibly encourage North to the point of trying for a slam, he should avoid that danger by bidding three spades. Then, with South's next bid four clubs, North would see the great "duplication of values" and would be satisfied with a mere four hearts which, of course, would be a laydown.
But although I disapprove of North's trapping action with this particular power house, I must point out that it should not have been fatal. South should not have dreamed of letting the vulnerable opponents play one spade. Far from feeling that he could save a game by passing, South should have considered that one spade might easily be made, whereas he himself could make two con reading about.]

Single 'Red' Found at Ohio State

COLUMBUS, Ohio-(U.R)-After seven weeks of "red-hunting" on the campus, an investigating committee of the Ohio State university board of trustees finally found a student who admitted belief in communism Friday.

Joseph H. Tracht, freshman from Cleveland, told the committee that he has been looking into American Legion charges of un-Americanism on the campus, that he thought Russia was a nice place, and that he thought Com-munism would work better than

democracy in America. "I'm not a member of the Com-munist party," Tracht said. "I don't know enough about it, but I am trying to get other students to come to Marxist club meetings

and learn it."
