Board Room All But Deserted As Wall Street Traders Mark Time

LIMA STOCKS Deisel-Wemmer-Gilbert Corp. open 14 1/2; high 14 3/4; low 14 1/4; close 14 1/2; bid, 14; ask, 14 1/2.

By VICTOR EUBANK NEW YORK, July 8 (AP)—A few utilities attracted buying attention in today's stock market but most leaders suffered from neglect.

With Wall Street all but deserted by traders who insist on lengthy summer week-end holidays, dealings were inconsequential from the start. Slightly mixed price changes ruled in the final hour.

While foreign tension apparently continued to wane, the outbreak of labor troubles at home, brokers said, acted as a speculative restraint.

Coppers shifted over a narrow range notwithstanding heavy demand for this metal at higher quotations. Export copper today sold at 10.40 cents a pound, a top mark since last Jan. 9.

Uranium tendencies were displayed by bonds and commodities. On the cheerful side of the market picture were summaries indicating consumer purchasing power is being maintained at a high level.

Automobile sales were said to have run up sharply in the final 10 days of June to hit that month's volume to 56 per cent over the same month a year ago.

NEW BUILDING PROGRAM DRAWN

COLUMBUS, O., July 8 (AP)—A new \$7,500,000 state welfare department building program to replace the one invalidated Wednesday by the Ohio supreme court was in the making today.

Chairman William S. Konold declared he felt "certain" members of the State Building authority would be able to work out a financing plan which would comply with the supreme court's decision.

Konold expressed his view following a conference with Gov. John W. Bricker and representatives of the syndicate which had agreed to purchase the authority's bonds.

He refused to divulge details of the plan, but indicated that bonds issued under the revision program probably would bear a higher interest rate than the 2-1/2 per cent but under the plan voided by the court.

ADMITS KIDNAP STORY A HOAX

NEW PHILADELPHIA, O., July 8 (INS)—Back home again, Urry Simien, the 16-year-old Urichville girl who told Detroit police two men "kidnaped" her in Wooster and criminally assaulted her, admitted today to juvenile Probation Officer Beatrice Shaw that she entered the auto voluntarily, the officer declared.

The girl also retracted the story that she was thrown from the car in Detroit and admitted the men did not attack her, Officer Shaw said.

PAIR ESCAPES SERIOUS HURTS IN CAR CRASH

A Denver, Colo., couple narrowly escaped serious injuries Friday afternoon when a tire on the automobile in which they were riding in Route 30, about 10 miles west of Kenton, blew out and the car overturned in a ditch, state highway patrolmen reported.

Driver of the car was James C. Turner, who was not injured while his wife, Regina, suffered lacerations on her right leg. She was brought to St. Rita's hospital in a private automobile, given first aid and released.
