

STOCK UPTURNS ARE EXTENDED

War Psychology Still Rules On Wall Street; Traders Cautious

LIMA STOCKS Westinghouse Elec. and Mfg. open 114 1/2; high 115; low 113 3/4; close 114.

NEW YORK, Sept. 9.—(AP)—War psychology remained as the principal stock market motivator today and leading industrials and rails added as much as a point or two to the recent upswing.

Overnight buying orders were sufficiently heavy to put the ticker tape behind for a while after the opening. The pace then slowed.

Wall Street was still bullish over prospects for American business as the result of expanding European demand for all sorts of goods, but some caution was evident in view of the thought that a quick peace might be attempted by Hitler when and if he conquers Poland.

U. S. government securities were early steady, and corporate bonds of the secondary classification continued to point upward.

Among domestic items studied in the boardrooms were: The federal reserve reported department store sales throughout the country for the week ended Sept. 2, exceeded the corresponding period last year by 3 per cent. This was the same rate of increase estimated in the preceding week.

The International Rubber Committee at London voted to raise the rate of release (export quota) of the commodity by 10 per cent to enable Great Britain to deliver the amount called for in exchange for United States surplus cotton as approved in the barter deal which officially went into force Aug. 25.

The automobile manufacturers Association, in a preliminary survey, placed August factory sales of the passenger cars, and trucks at 97,200 units. The total was slightly above August, 1938, but 56 per cent below the July aggregate of the current year.

Exodus Launched

Fleet of Ships Sail To Bring Home Stranded Americans

NEW YORK, Sept. 9.—(AP)—The United States government swung today into its greatest civilian evacuation project in history with the hasty commandeering of sizeable chunks of the nation's merchant marine to rush Americans home from war-torn Europe.

The New York-Cuba mail liner Orizaba, equipped with emergency cots increasing her passenger capacity from 276 to 400 and chartered by the U. S. maritime commission, headed across the Atlantic. Four other ships drafted from coastwise service—the Shavone, Inoquois, Acadia and St. John—were scheduled to leave almost in her wake.

Safe after a furtive, dangerous crossing of the mine and torpedo-ridden north Atlantic that ended last midnight, the French luxury liner Ile de France moved to her dock here with 1,667 passengers.

Two thousand more refugees, mostly Americans, also were speeding homeward—at boosted rates—on the Italian liner Rocea, which left Genoa yesterday.

(President Roosevelt, in Washington yesterday, authorized the state department to expend \$500,000 in emergency funds to bring Americans home from Europe.)

The American liner Manhattan prepared to sail at noon to fetch more home—the ship happily freed at the last minute from a labor problem which complicated the evacuation program.

English Of St. Paul Holds First Place In A. A. Batting

CHICAGO, Sept. 9.—(AP)—With the finish just around the corner, the English held the American Association could wrap up the 1939 batting crown and send it to the twin cities.
