was sold and the remainder used on farms where it had been stored. Corn growers are being given an opportunity to store corn from their big 1939 crop under continuation of the ever-normal granary program. The loan rate will be 57 cents, the same as for 1938 which is above the market price. Growers outside the commer-cial corn area of Columbia, Crawford, Dane, Grant, Green, Iowa, Jefferson, Lafayette, Richland, Rock, Sauk, and Walworth counties can get loans at the rate of 43

4 9 3 The purpose of the ever-normal granary is to take supplies of ag-

icultural products off markets in years when good yields would tend to depress prices, and store

them for use in years of extra need. The state committee pointed out this corn could be released in case of a short crop in some fu-

cents a bushel.

ing the year which ends on Citivenville, owned the cow receiving highest individual rating for the month.

High School Boy Dies From Gas
