NEW ORGAN INSTALLED IN CHURCH AT MINSTER

(Special To The Lima News) MINSTER, Dec. 16-Work of installing the revamped organ in the St. Augustine Catholic church here was under way today, with little prospect of completion before Christmas. The instrument is said to be the biggest in this section of the state.

Electrically operated, the organ has a new console. Additional pipes were added and the entire mechanical work was rebuilt at a cost of \$4,500. The work was done in Louisville, Kv.

New pews have been obtained for both the choir and parishioners in the loft and a new hardwood floor has been laid in that part of the church.
