We see the shadow of Mary's mental breakdown recuiring again and again, their poverty on Charles' small salary as clerk, the jeers of Charles' verse or prose. The wonder is that they continued to have so much happiness in their lives. But they had friends: Coleridge, Hazlitt, Southey and Keats, and others who enjoyed the talk and suppers of bread and cheese, and the jokes and puns in which Charles delighted. You feel your heart go out to Charles in affection as you read the book.
