Results of the tests mede in Madison by engineers of the Na-tional Board of Fire Underwriters probably will not be known until carly next fall, Water Supt. Leon A. Smith said today. The engineers made tests of the fire and water departments, investigated wheth-er the police department gives cooperation to the firemen at fires, inspected the building code and zoning ordinance, and ascertained weather conditions.

Smith explained after the engineers have compiled their findings they forward them to the head office at New York. Tentative reports on the results of the investigation will be prepared in New York and sent to teh various department heads here for check-

checked over the reports and have further, suggestions to: make, they will send the reports back to New York, The final reports will then be prepared. Copies will also be sent to the Wisconsin Inspection bureau at Milwaukee for the purpose of fire insurance rate making If Madison jumps from fourth to third class, fire insurance, rate; in the commercial and industrial districts will, be reduced. It has been estimated that a saving of \$10,000 in premiums would be effected.

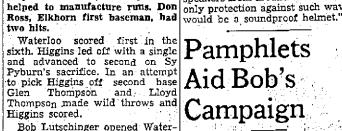

DETROIT - (UP) - The secret weapon which the Germany army has announced it used with success to take the Liege fortress may be high-pitched sound waves which react upon the human ear until the victim is extremely nervous or hysterical, according to Prof. Henry L. Byerlay, head of the Lawrence Tech electrical engineer-

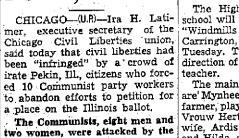

ing department. Discounting the probability that the Germans used radio or electrical beams to disable guns controlled by motors, Prof. Byerlay said they might have sent sound waves from speakers mounted on trucks stationed from one - half mile to four miles from the for-Only Loop Game tress.

"If the Germans sent any type of wave, it may have been a sound wave from 8,000 to 12,000 cycles at 100,000 watts which would be (WIBA, WMAQ): Yvette, swing-stress from the Creole country, postponed by rain and wet man hearing and would be so miscrably piercing to the car that they Wally Higgins bested Glen could shatter human nerves, es-
