Capture of Narvik by the Allies indicates that the Germans have over-extended their battle front. They have been compelled to relinquish their pressure in Norway because of the enormous demands for men and materials along the western battle line. This problem of supply is a grave one for the Germans, now that fighting has developed in the open. It must enter into all calculations concerning the future ability of the Germans to develop major offensives of long duration.

Narvik is the port for transportation by sea of Swedish ore, so Day observance program to be held vital to the Germans, if the war hard pressed in recent fighting as ton post, American Legion, color hard pressed in recent fighting as bearers and the 50-piece New to compel Hitler to abandon hope of successes at sea.
