UNUSUALLY EASY TERMS

You are a Vital Link in the

Credit is like a chain of many links-made up of producers, manufacturers, retailers and professional men-and you, the customer.

You are the vital link! For prompt payment on your part starts money around "the credit circle," through the retailers and professional man to the manufacturer, the producer and the worker—and whether your income is from labor or from stocks and bonds, it will come back to you.

But if you fail to meet your obligations promptly the credit chain is broken. If you delay payment of a bill for two, three or four months, you're taking the amount of that bill out of circulation, and, perhaps unintentionally, retarding business recovery.

Let's pull together! Let's use our credit—buy what we need—and, by paying promptly, give others a chance to earn what they need. Use your credit freely and pay all bills
