rative of a pair of honeymooners, both previously associated with the English countryside to "get away from it all" only to discover themselves in possession of the corpse of a murdered man.

With Robert Montgomery as Lord Peter Wimsey, debonair Cummings as his mystery fictionwriter wife, filling the leads, the action runs along at a merry pace with any number of suspects seeming to fit the picture as the guilty men, and an innocent-looking unwatered plant forming a pivotal clue in the final solving of the crime.

Montgomery shifts with agility from his neurotic gangster-nobleman of "The Earl of Chicago" to the suave top-hat-and-tails crime detector of his present vehicle. Combining a sense of comedy with the technical brilliance for which he has long been noted, he brings Lord Peter Wimsey to the screen with a freshness and vitality that makes his every entry into a scene a welcome event

Sterling support is given the star in the performance of Constance Cummings as the bride who longs for a conventional honeymoon but soon finds that she must match her wits to that of her husband if she is ever to get the peace and quiet for which .'e hopes. Others in an excellent cast include Sir Seymour Hicks, Leslie Banks and Robert Newton.

Anne Shirley and Patric Knowles, two of Hollywood's most popular young personalities, make their debut as a romantic team in the screen version of L. M. Montgomery's "Anne of Windy Poplars,." now at the Sigma.

Miss Shirley, cast in the title role, recently scored an outstanding success in "Vigil in the Night" with Carole Lombard. Knowles' most recent hit was as Maureen O'Hara's sweetheart in "A Bill of Divorcement." A homespun, romantic drama,

"Anne of Windy Poplars," also features in important roles James Ellison, Henry Travers. Slim Summerville, Elizabeth Patterson, Louise Campbell, Joan Carroll, Katharine Alexander, Minnie Dupice, Alma Kruger and Marcia Mae Jones. "Mystery Sea Raider," also

showing, goes quite thoroly into the matter of Fifth Column activities in the United States, leading up to the seizure of an American freighter with its captain and crew, and gives a fairly terrifying account of what happens to commerce and passenger vessels, either belligerent or neutral, that
