each other all along. Miss Loy plays her role to the last comedy values as she heaps troubles on the head of Douglas, who gets laughs out of his tribulations as the victim of her pranks and pays her back in kind. Lee Bowman is a romantic figure as Suiter No. Two. Donald Meek as an eccentric art dealer adds to the comicalities, as does Felix Bressart, the clongated commisar of "Ninotchka," as Myina's art editor and eq-conspirator. Bonita Granville scores in a sub-deb role. Walburn, Hallwell Reymond Hobbes and Ann Morris are also

day at the Lyrie theatre. Set in a Paris background, the new comedy hilariously describes the romance of a politically-conscious cafe waiter and the estranged wife of a pompous banker. Douglas, in the former role, is a fugitive from the law for having taken a pot-shot at the financier; Miss Young connives at his escape and, in the end, takes a shot at the financier herself! But between the hectic beginning and the hilarious ending of "He Stayed for Breakfast" there is said to be an immeasurable quantity of great, good humor, of delightful, witty dialogue and of happy novel situations.

Pallette, as the banker, provides his share of the complications. Anxious to restore himself to his former wife's good graces. equally anxious to capture the fugitive whom he suspects she is huding, Pallette's presence on the scene lends telling effectiveness to a comedy of outrageously humorous consequence. In addition, Alan Marshal lends further humor to the film, in his role as the elegaat young publisher of a newspaper. Eager to replace Pallette in Miss Young's affections, he has centered all the journalistic fire he can upon the uphappy husband Shooting him is a good idea, and Marshal is in hearty accord with it—until he descovers that Miss
