WE GUARANTEE the total amount figured by using this table to be the full amount you will pay, when payments are made on schedule. You will pay less if you pay your loan ahead of time since you pay charges only for the actual time you have the money. Payments include charges at Household's rate of 2% per month on that part of a balance not exceeding \$300 and ½% per month on that part of a balance in excess of \$300. This rate is less than the maximum prescribed by the Small Loan Law.

If a loan will help you, you are

urged to look at the table again. Then phone or visit us for further information. You will be under no obligation to borrow.
