

"Gone With The Wind" Back At Ohio At Popular Prices

Management Says "Nothing Cut But Admission;" Paul Muni In "Hudson's Bay" Is Current At The Quilna

"Gone With the Wind," the thrilling color film of the old south starring Clark Gable, Vivien Leigh, Leslie Howard and Olivia de Havilland, returns to the Ohio theatre Saturday for its first engagement here at popular prices. The full length picture, nothing cut, will start Saturday commencing at 10 a. m., 2, 6 and 10 p. m. Showing for the last times Friday is "Flight Command," starring Robert Taylor.

SIGMA—"The Lady With Red Hair" and "The Texas Rangers Ride Again."

COMING UP
OHIO—"Gone With the Wind" commences Saturday.
QUILNA—"Hudson's Bay" commences Friday preview.

Adventurous entertainment at its best is offered in Paul Muni's latest starring film, "Hudson's Bay," which will commence Friday night at the Quilna theatre. Muni scores a solid hit with an effective portrayal of Pierre Radisson, the "First Canadian."

The story of the Dayton girl who rose to heights in the theatre world under the direction of David Belasco is recalled in the Sigma feature, "Lady With Red Hair," starring Miriam Hopkins, John Howard, co-featured with Ellen Drew, brings justice to the sagebrush country with smashing fists and smoking six-guns in the co-feature, "Texas Rangers Ride Again."

A kingdom of stolen horses ruled by a ruthless mob of outlaw killers is doomed to downfall in "Wild Horse Range," now at the Lyric, as Jack Randall leaps to the saddle and sets out to end a new racket sweeping the west. The added attraction, "Five Little Peppers in Trouble," is another episode in the life of the screen's favorite family of children.

Melvyn Douglas and Myrna Loy in "Third Finger, Left Hand," currently at the State theatre, offered a comedy about a career woman in New York and a Wapakoneta boy who wants to get back home. The co-feature, "Meet the Wildcat," stars Ralph Bellamy, Margaret Lindsay, and Allen Jenkins.

Currently at the Majestic theatre is "Dr. Kildare Goes Home," starring Lew Ayres, Lionel Barrymore and Laraine Day, and "Desperate Trails."

By rights, a report of "Gone With the Wind," which opens Saturday at the Ohio theatre, should be merely the statement: The greatest picture ever made—in every detail.

Shows will commence at 10 a. m., 2, 6 and 10 p. m. Saturday. Commencing Sunday three shows daily will be held. Clark Gable, is naturally, a perfect Rhett Butler. That much was to be expected and it's the greatest acting job he's ever done. Vivien Leigh is wholly Scarlett. She is the greatest find in a decade, definitely an overnight star. Leslie Howard is outstanding and Olivia de Havilland surpasses anything she's ever done.

For the others, one phrase will cover their performance—ideal casting and brilliant acting. Among the featured players who shine brilliantly are Thomas Mitchell, Hattie McDaniel, Barbara O'Neil, Ona Munson, Laura Hope Crews, Carroll Nye, Harry Davenport, Alicia Riehl, Rand Brooks, Evelyn McQueen, Oscar Polk, Victor Jory, Eddie Anderson, Fred Crane, George Reeves, Jane Darwell and Everett Brown.

The current engagement of "Gone With the Wind" presents the picture in its complete version, exactly as shown in previous road-show engagements—nothing cut but the price.

Laughter, gaiety and romance make up the sprightly story of "Honey Moon For Three," which opens Saturday at the Sigma theatre. The picture is full of side-splitting situations and to make matters even funnier, the three slightly screwy people that are caught in a tipsy triangle are played by George Brent, Ann Sheridan and Osa Massen.

College romances may be alright when you're in college, but when a long lost sweetheart shows up six years after you've graduated and claims you as her one and only, it's liable to lead to complications, especially when you've just gotten engaged to your beautiful secretary. That's the position in which George Brent, who plays the role of a popular author, finds himself in "Honey Moon For Three." Beautiful Osa Massen plays the role of the amorous ex-college student who forgets that she is mar-

REUNION

Arrival in America was doubly good fortune for 16-year-old Clotilde Obst, pictured above as she recently landed in New York. Not only had she made her way from Switzerland to the safety of the U. S., but she was rejoining her mother, whom she had not seen for 12 years.

by a dream so big few people of his time could grasp it. A hard-hitting and ruthless man at times, Radisson was endowed with a certain roughish charm and depth of character which make him an appealing figure on the screen. Driven into the northern wastes, this fabulous man saved half a continent for the ruler who had ordered him hanged and founded a great commercial company that exists to this day.

Lovely Gene Tierney and John Sutton handle the romantic leads. Another newcomer, Laird Cregar, a 300-pound giant, was recruited from the stage to portray "Gooseberry," Radisson's colorful, fur-trapper partner. Others seen in colorful roles include Virginia Field, Vincent Price and Nigel Bruce.

More laughs are provided by William Orr who plays the role of an over-serious-minded lawyer who is not too scrupulous in his methods for getting his cases (if any).

It's an entirely different Paul Muni turns in a performance noted as the best of his career.

In his laboratories, man must use a temperature of about 2400 degrees Fahrenheit to separate the carbon and oxygen atoms of the carbon dioxide molecules; plants, in their tiny cell laboratories, separate them with ease.

COLLEGE OFFERS PUPILS COLD SERUM TREATMENT

MEADVILLE, Pa., Jan. 31 (U.P.)—Allegheny College health authorities are winning their fight against colds among the student body this winter by providing free cod liver oil tablets and serum treatments for all who wish them.

About 25 per cent of the students have taken the serum treatment with "remarkable results," according to William P. Tolley, college president. Mid-winter class attendance has shown a marked increase, while the number of infirmary cases is much lower, he said.
