Experts Having Trouble Picking "Bests" Of, 1940

Work Of Year To Be Chosen

(United Press Hollywood Correspondent)

HOLLYWOOD, Feb. 8-(UP)-The boys who choose the best picture of the year, best actor. best director, and best this, and best that, are on a spot this year without any "Gone With The Wind" to garner all the goldplated statuettes.

Motion Picture Arts and Sciences must announce at their annual dinner in the Bilimore hotel on Feb. 27 the finest movie work of the year. Even now they're sweating over their ballots.

It's fun to try and read their minds. What movie did you like best last year? Top-flighters include "Rebecca." "The Grapes of Wrath," "The Philadelphia Story." "Kitty Foyle," "The Long Voyage Home" and "Our Town." The movie we liked best was

called "The Great McGinty." It won't win any Oscars, probably.

Then there's the matter of the best actress. Bette Davis has won, first prize two years running, but |

"The Philadelphia Story." gets our private vote, too.

Clark Gable and Frederic March, Tucker.

"The Grapes of Wrath."
